Education Policies

Class registrations must be received at least 14 days prior to the first day of class. Sufficient enrollment will determine justification of holding each class. Written cancellation notices will be emailed to the individuals who have registered at the time a course is cancelled.

If maximum registration for a class is reached, a waiting list will be established. If cancellations occur, the first person on the waiting list will be notified that there is an opening and will be given the opportunity to attend the class. If there is a sufficient number of persons on the waiting list, an additional class may be scheduled.

Registration cancellations for all IAAO classes must be made at least 14 working days prior to the first day of class. PAD will accept written cancellations only (phone calls will NOT be accepted). Written cancellations may be faxed to 402-471-5993 or emailed to pat.edu@nebraska.gov. Failure to give the required notification will result in the county or person being billed for the total cost of the class.

If cancellation is necessary due to an emergency after the specified cancellation period, the Property Tax Administrator will review the cancellation request and may approve a refund for good cause.

IAAO Forum 931- Reading and Understanding Leases

This course is designed to provide the students with an understanding and working knowledge of the procedures and techniques required to estimate the market value of vacant and improved properties. This course concentrates on the skills necessary for estimating the market value of properties using two approaches to value: the cost approach and the sales comparison approach. The Fundamentals of Real Property Appraisal utilizes lectures, classroom discussion, and homework problems to emphasize the main concepts and procedures taught in the course.

Participants are responsible for making their own hotel room reservations.

Lunch is not included in the registration fee.

IAAO 332- Modeling Concepts

Dates: October 2-6, 2017

Online Registration: [Lincoln](#)

Location: Nebraska State Office Building, 301 Centennial Mall South, Lincoln, NE

Instructor: Michael Ireland

Credit Hours: 30 hours

Registration Fee: \$600

Textbook: N/A

This course introduces and explains fundamentals of mass appraisal model building. Chapter 1 explains the role of models in mass appraisal and describes basic model structures and steps in model development. Chapter 2 covers exploratory data analysis, including descriptive statistics, charts and graphs, and spatial analyses. Chapter 3 describes data transformations, which largely determine the accuracy achieved for a given database. Chapter 4 introduces multiple regression analysis, including regression statistics and options, the interpretation of results, and separation of land and building values. Chapter 5 covers the review and support of mass appraisal values and chapter 6 describes mass appraisal reporting.

The course includes a large number of demonstrations and labs using Excel, which is capable of producing basic models for a limited number of variables. Follow-up courses 333 and 334 cover residential and commercial modeling, respectively, in more depth and use the powerful but user-friendly statistical package, SPSS, in labs and demonstrations. This course serves as a foundation and bridge to IAAO's two follow-up model building courses.

Participants are responsible for making their own hotel room reservations.

Lunch is not included in the registration fee.
