April 29, 2008

Dear School District Superintendent:

Enclosed is a copy of your school district's or local system's **2007 "Recertified" School Adjusted Valuation Report**, calculated in accordance with Neb. Laws 2008, LB 988, §79-1016.

For purposes of state aid, Neb. Laws 2008, LB 988, §79-1016 required the 2007 adjusted value be recalculated such that: 1) all real property, other than agricultural and horticultural land, be adjusted to **96%** (*instead of 100%*) of actual value; and 2) all agricultural and horticultural land, be adjusted to **72%** (*instead of 75%*) of actual value, and all agricultural and horticultural land that receives special valuation pursuant to Neb. Rev. Stat. §77-1344, be adjusted to **72%** (*instead of 75%*) of the value of the land for its agricultural or horticultural purposes only.

**The adjustment factor is determined by taking the statutory required level of value divided by the county's school district level of value. For example,** pursuant to changes made by LB 988:

Required level of value for all real property, other than agricultural land = **96%**  
County's school district level of value as determined by Property Assessment Division = 93%

**96% divided by 93% = 1.03225806 minus 1 = .03225806 factor displayed**

Required level of value for agricultural land = **72%**  
County's school district level of value as determined by Property Assessment Division = 74%

**72% divided by 74% = .97297297 minus 1 = -.02702703 factor displayed**

*Factors are displayed minus 1 to facilitate the mathematical calculation used in determining the dollar amount of adjusted value to add or subtract from the unadjusted value, for purposes of state aid.*

There is no appeal of the 2007 recertified adjusted value. The unadjusted or taxable value and the Department's determined levels of value for the counties for 2007 did not change. The only change to be made is for the statutory point to which the value is required to be adjusted to, for purposes of accountable local resources in the state aid formula. LB 988 also modified the local effort rate from 95 cents to \$1.00, which is multiplied by the recertified adjusted value to determine the yield from local effort rate in the "resources" side of the state aid formula.

2007 Recertified School Adjusted Value

April 29, 2008

Page 2 of 2

The 2007 school adjusted valuations have been recertified to the Department of Education and will be used in recalculating school aid for 2008-2009. The 2007 School Adjusted Valuation Reports, both original certified and recertified, are available on our website at: <http://pat.ne.gov>.

Questions regarding these **adjusted valuations** may be directed to me or the following staff, Dennis Donner at (402) 471-5986, or Elaine Thompson at (402) 471-5987.

Questions regarding LB 988 changes to the state aid formula or recalculations of state aid dollar amounts should be directed to the Department of Education.

Sincerely,

/s

Ruth A. Sorensen  
Property Tax Administrator

\*TIF = Tax Increment Financing; TIF Base value is included in the taxable value, however it must remain unadjusted, therefore it is backed out prior to calculating the adjustment amount & then added back into the total adjusted school value. TIF Excess Value is never included in the taxable value for schools. Factors rounded for display. LB988 Agland adjusted to 72%, other real property adjusted to 96%.
