

July 2018

Dear Nebraska Licensed Cigarette Stamping Agent,

The Nebraska Department of Revenue (Department) is responsible for monitoring compliance with Nebraska's cigarette and tobacco laws, including diligent enforcement as required by the Master Settlement Agreement pursuant to Neb. Rev. Stat. §§ 69-2702 to 69-2711, 77-2702 to 77-2720, and 77-4001 to 77-4024. The Department's diligent enforcement efforts include compliance checks of cigarette and tobacco retailers. This letter replaces the July 2017 letter and includes the standard as to what constitutes a complete readable tax stamp and a penalty schedule.

As part of the compliance checks, the Department inspects for contraband cigarettes. Contraband cigarettes include any:

- Cigarettes on point of sale displays or in the retailer's inventory that do not have a Nebraska cigarette tax stamp, or are not properly stamped with a complete readable Nebraska tax stamp; and
- Cigarettes and roll-your-own (RYO) tobacco products that are not listed on the Nebraska Directory of Certified Tobacco Product Manufacturers and Brands (Directory). The Directory can be viewed on the Department's website at revenue.nebraska.gov by clicking on "Cigarettes/Other Tobacco Products," and "Nebraska Directory of Certified Tobacco Product Manufacturers and Brands."

A complete readable tax stamp is a stamp that can be identified as a Nebraska cigarette tax stamp, containing the legible 5-digit stamp number and/or two thirds (2/3) of the tax stamp. This standard does not apply if the tax stamps exhibit an intent to fraudulently evade tax. The 5-digit stamp number is legible if it can be read or recognized even where there is some flaking of the stamp on or around the 5-digit number. A complete readable tax stamp is required by Cigarette Tax Regulation 57-006.01.

Contraband cigarettes discovered during retail inspections will be confiscated under Neb. Rev. Stat. § 77-2620. Further, the stamping agent and retailer could be subject to civil and criminal penalties. In addition, any retailer licensed under Neb. Rev. Stat. §§ 28-1420 to 28-1429 or stamping agent licensed under Neb. Rev. Stat. §§ 77-2601 to 77-2622 could have their license suspended or revoked.

**This guidance document is advisory in nature but is binding on the Nebraska Department of Revenue (Department) until amended. A guidance document does not include internal procedural documents that only affect the internal operations of the Department and does not impose additional requirements or penalties on regulated parties or include confidential information or rules and regulations made in accordance with the Administrative Procedure Act. If you believe that this guidance document imposes additional requirements or penalties on regulated parties, you may request a review of the document.*

To ensure compliance with the cigarette and tobacco products tax laws of Nebraska, every resident and nonresident licensed stamping agent that sells cigarettes and RYO tobacco to retailers in Nebraska should:

- Verify that all cigarettes and RYO tobacco products that are delivered to a Nebraska retailer are listed on the Directory.
- Inspect all cigarettes to ensure that the cigarettes are properly stamped (see above) with a complete readable Nebraska cigarette tax stamp.
- Maintain complete accurate books, records, papers, receipts, invoices, bills of lading, and any other documentation which pertain to the purchase and sale of cigarettes and tobacco products sold in Nebraska or into other states.

The Department encourages you to work with your retail customers to avoid issues with cigarettes and RYO tobacco products delivered to the customer’s retail store.

The Department will not issue a credit or refund of the value of the tax stamps on contraband cigarettes that are confiscated by the Department. In addition, if a retailer identifies an incomplete stamp affixed to a pack of cigarettes and returns the pack to the wholesale dealer, the wholesale dealer will not receive a credit or refund for the incomplete stamp, unless the pack is returned to the manufacturer.

In conjunction with this letter, the Department will be using the following penalty schedule for stamping violations and non-directory cigarettes and RYO tobacco products. Offenders are subject to the penalties described in the penalty schedule within a three-year time frame. **Penalties will only apply to packages of cigarettes with no tax stamp, an out-of-state tax stamp, non-directory cigarettes, tax stamps that exhibit an intent to fraudulently evade tax, or where the facts of a particular incident rise to a level warranting a penalty.** This penalty schedule will also be posted on the Department’s website.
