Are we conducting a Lottery or a Raffle?

- **A Lottery is a gambling activity where:**
 - Participants pay something of value for an opportunity to win;
 - Sequentially numbered tickets are sold; and
 - Winners are determined by a random drawing of tickets or by a race of inanimate buoyant objects.
- **A Raffle is a gambling activity where:**
 - Participants pay something of value for an opportunity to win;
 - Sequentially numbered tickets are sold;
 - Winners are determined by a random drawing of tickets or by a race of inanimate buoyant objects; and
 - At least **80%** of the value of the prizes are **merchandise** which is not directly or indirectly redeemable for cash.
