Motor Fuels Tax Rate Set for January 1 through June 30, 2015

LINCOLN – The Nebraska motor fuels tax rate for January 1 through June 30, 2015 will be 25.6 cents per gallon. The tax rate will decrease from its current 26.4 cents per gallon. The January 1 through June 30 tax consists of the following components:

- 0.8 cents per gallon variable tax;
- 10.3 cents per gallon fixed tax; and
- 14.5 cents per gallon wholesale tax.

The Director of the Nebraska Department of Roads sets the variable percentage rate at an amount sufficient to ensure adequate funding for highway projects, including maintenance and improvements. This rate was set at 0.3% for the period January 1 through June 30, 2015. This rate was applied to the base price of fuel purchased by the State in October 2014, establishing the January 1 through June 30, 2015 variable motor fuels tax at 0.8 cents per gallon. Questions regarding the calculation of the variable percentage rate may be directed to the Nebraska Department of Roads at 402-479-4635.

One cent of motor fuels tax results in approximately \$12 million of annual revenue. In fiscal year 2013-2014, motor fuels tax receipts totaled over \$329 million.
