

# Section K Inheritance Tax

## BASIC PROVISIONS AND TAX BASE OF THE NEBRASKA TAX LAWS

The inheritance tax in Nebraska is administered by the county court of the county in which the decedent resided or in which real or personal property is located. The tax is levied as a variable percentage of the clear market value of the property, including proceeds of insurance upon the life of the decedent, transferred by will or by the intestate laws from any person who, at the time of death, was a Nebraska resident or if a nonresident, possessed nonexempt property located within the state of Nebraska. The variable rate is determined by the identity of the beneficiary. Interests passing to the surviving spouse are not subject to inheritance tax.

All inheritance tax is credited to the county general fund or to any other fund of the county selected by the county board.
