# Introduction

This 2017 Interim Tax Expenditure Report and Summary is published by the Nebraska Department of Revenue (Department), pursuant to the Tax Expenditure Reporting Act, Neb. Rev. Stat. §§ [77-379 through 77-385](#). This report provides a review of tax and fee (tax) expenditures, which is required in even numbered years to enable the Legislature to better determine those sectors of the economy that are receiving indirect subsidies as a result of tax expenditures. This Interim Report provides updated estimates of a portion of the sales tax exemptions found in the full Tax Expenditure Report, which is published biennially during even numbered years.

A “tax expenditure” is defined as a revenue reduction that occurs in the tax base of the state or a political subdivision as a result of an exemption, deduction, exclusion, tax deferral, credit, or preferential rate introduced into the tax structure. See Neb. Rev. Stat. § [77-381\(1\)](#).

This report is submitted to the Governor, the Executive Board of the Legislative Council, and the chairpersons of the Legislature’s Revenue and Appropriations Committees. This report is also available on the Department’s website at [revenue.nebraska.gov](http://revenue.nebraska.gov).

# Nebraska Tax Expenditure Reporting Requirements

**Neb. Rev. Stat. § 77-379 provides:**

Sections 77-379 to 77-385 shall be known and may be cited as the Tax Expenditure Reporting Act.

**Neb. Rev. Stat. § 77-380 provides:**

It is the intent of sections 77-202.03 and 77-380 to 77-385 to provide a mechanism which will enable the Legislature to better determine those sectors of the economy which are receiving indirect subsidies as a result of tax expenditures. The Legislature recognizes that the present budgeting system fails to accurately and totally reflect the revenue lost due to such tax expenditures and that as a result undetermined amounts of potential revenue are escaping public or legislative scrutiny. The loss of such potential revenue causes a narrowing of the tax base which in turn forces higher tax rates on the remaining tax base.

**Neb. Rev. Stat. § 77-381 provides:**

For purposes of the Tax Expenditure Reporting Act, unless the context otherwise requires:

- (1) Tax expenditure shall mean a revenue reduction that occurs in the tax base of the state or a political subdivision as the result of an exemption, deduction, exclusion, tax deferral, credit, or preferential rate introduced into the tax structure;
- (2) Department shall mean the Department of Revenue;
- (3) Income tax shall mean the tax imposed upon individuals and corporations under the Nebraska Revenue Act of 1967;
- (4) Sales tax shall mean the tax imposed upon expenditures under the Nebraska Revenue Act of 1967;
- (5) Property tax shall mean the tax imposed upon real and personal property under Chapter 77; and
- (6) Miscellaneous tax shall mean revenue sources other than income, sales, and property taxes for state and local government including, but not limited to, motor fuel taxes, liquor taxes, cigarette taxes, inheritance and estate taxes, generation-skipping transfer taxes, insurance premium taxes, and occupation taxes and fees or other taxes which generate state or local revenue annually in excess of two million dollars.

**Neb. Rev. Stat. § 77-382 provides:**

(1) The department shall prepare a tax expenditure report describing (a) the basic provisions of the Nebraska tax laws, (b) the actual or estimated revenue loss caused by the exemptions, deductions, exclusions, deferrals, credits, and preferential rates in effect on July 1 of each year and allowed under Nebraska's tax structure and in the property tax, (c) the actual or estimated revenue loss caused by failure to impose sales and use tax on services purchased for nonbusiness use, and (d) the elements which make up the tax base for state and local income, including income, sales and use, property, and miscellaneous taxes.

(2) The department shall review the major tax exemptions for which state general funds are used to reduce the impact of revenue lost due to a tax expenditure. The report shall indicate an estimate of the amount of the reduction in revenue resulting from the operation of all tax expenditures. (3) It is the intent of the Legislature that nothing in the Tax Expenditure Reporting Act shall cause the valuation or assessment of any property exempt from taxation on the basis of its use exclusively for religious, educational, or charitable purposes.

**Neb. Rev. Stat. § 77-383 provides:**

The department may request from any state or local official or agency any information necessary to complete the reports required under § 77-382 and subsection (2) of § 77-385. All state and local officials or agencies shall cooperate with the department with respect to any such request.
