Important Information on Paying Your Nebraska Business Taxes

What

After June 30, 2016, you will be mandated by the Nebraska Department of Revenue (Department) to electronically pay all Nebraska (Tax Type) tax due.

Why

In 2010, the Nebraska Legislature passed Neb. Rev. Stat. § 77-1784 authorizing the Tax Commissioner to mandate:

- Electronic payment of (Tax Type) tax for taxpayers with annual payments exceeding a threshold amount of \$5,000; and
- A \$100 penalty for noncompliance in all tax programs, except individual income tax.

The Tax Commissioner has phased in threshold amounts over time to provide enough notice for taxpayers impacted by the mandates. **Your payments exceed the current threshold of \$6,000, so you are required to pay electronically beginning July 1, 2016.**

How To Electronically Pay

- Go to the Department's website at revenue.nebraska.gov.
- Under "Online Services," and "For Businesses," click on "Make a Payment."
- There, you'll find information about electronic payment options:
 - o Department's e-pay (The State withdraws funds from your bank account based on the information you provide);
 - o ACH Credit (You work with your bank to deposit funds into the State's bank account);
 - o Nebraska Tele-pay (Pay by phone); and
 - o Credit Card payments.
