

Sports Arena Facility Financing Assistance Act Application

September 10, 2025

September 10, 2025

James Kamm
Tax Commissioner
Nebraska Department of Revenue
301 Centennial Mall South
Lincoln, Nebraska 68508

Dear Commissioner Kamm,

On behalf of the City of La Vista, I am proud to submit the City's application for assistance through the Sports Arena Facility Financing Assistance Act to fund parking facilities near The Astro concert venue.

Approving the City's application gives the State a unique opportunity to further two critical goals: (1) attract more tourism to Nebraska from other states, and (2) retain young people in Nebraska through support of a concert venue whose key demographic is young people and help reverse the "brain drain" experienced in recent years.

The City's existing and future planned parking facilities located nearby The Astro are crucial to the ongoing success of the concert venue. The City has already seen an increase in young people visiting the City Centre development since The Astro opened, and as development continues it will be crucial to ensure that trend continues on its positive trajectory. We Nebraskans know that abundant parking is usually top of mind for events, and delivering on that component for The Astro has been critical from the City's perspective to ensure a successful development and concert venue.

The City of La Vista shares the State's goal of reversing the trend of young people moving away from Nebraska and believes that supporting and enhancing concertgoers experience at The Astro can play a key role in reversing that trend. The City also shares the goal of attracting visitors to spend their disposable income in La Vista as it will boost sales tax revenues and reduce our property tax burden.

The State's interests are best served by providing funding for this critical parking infrastructure to drive more visitors and sales tax dollars to La Vista, and to retain more young people in our great State of Nebraska.

Sincerely,

Mayor Douglas Kindig

2. Parking Project Description

The Qualifying Facility under the Act

The City of La Vista is excited to embark on a new chapter of entertainment and attraction of visitors from the region to the new privately owned concert venue named “**The Astro.**” Located in La Vista’s City Centre, The Astro is a premier music venue that brings world-class entertainment to La Vista. With state-of-the-art acoustics, lighting, and sound systems, the privately owned concert venue offers a live music experiences for music lovers of all ages.

The Astro boasts a spacious concert performance stage and comfortable seating areas with an indoor capacity of 2,400 guests. The specifications of The Astro qualify it as a concert venue as defined in the Act. As a privately owned concert venue, the facility qualifies as an eligible sports arena facility under the Act.

Parking Project Description

The Act allows the City to use state assistance to pay back amounts expended or borrowed by the City to acquire, construct, improve, or equip a nearby parking facility. While the Act does not permit turnback tax to pay for a privately owned concert venue like The Astro, the Legislature recognized the value a City can contribute to such a concert venue by ensuring adequate parking for concert goers. While parking facilities are less exciting than a concert venue itself, adequate and convenient parking is critical to the success of any entertainment venue in Nebraska. Failure to deliver on that aspect of the venue would devalue the experience of concertgoers and result in fewer visitors.

To that end, the City embarked on development and construction of several nearby parking facilities located within 700 yards of The Astro, and has committed to constructing additional parking within that vicinity as development continues near The Astro (the “**Parking Project**”).

The Astro is located in the City Centre development in La Vista, which is the first and only redevelopment project in the City involving tax increment financing. The City Centre mixed use development includes housing, retail and office space, in addition to The Astro concert venue. Because of the relative density of the City Centre development, it involves a higher demand for parking immediately surrounding The Astro than might be experienced near other concert venues in a city the size of La Vista. That density made the parking component of the development more critical than if The Astro were located as a standalone venue without other users nearby creating heightened demand for parking.

As a result, The Astro has relied on the City to construct and maintain the Parking Project, which includes two off-street parking garages (Public Garage #1 and Public Garage #2), a Surface Lot, Main Street parking stalls, resurfacing of parking lots adjacent to City Hall and the Tennis Courts in Central Park, all as depicted on the Site Plan (page 46) (the “**Completed Parking Facilities**”). In addition, the City has committed to constructing an additional garage (Public Garage #3) as development in the City Centre area continues, as well as parking in Central Park West and resurfacing the Clubhouse parking lot, also as depicted on the Site Plan (page 46) (the “**Additional Parking Facilities**”).

In total, the City has constructed or resurfaced 1,499 parking stalls to date as part of the Completed Parking Facilities in the Parking Project at a total cost expected to equal \$26,235,540 (including interest paid on bonds). In addition, the City has committed to construct or resurface an additional 708 parking stalls as part of the Additional Parking Facilities in the Parking Project at a total estimated cost of \$22,073,448 as development continues in the City Centre area. The Completed Parking Facilities and the Additional Parking Facilities in the Parking Project is the project to be funded with state assistance under the Act.

New State Sales Tax Revenue

As a city of the first class, the City of La Vista is eligible to receive turnback tax under the Act equal to (a) 70% of the state sales tax collected by nearby retailers that commenced collecting state sales tax during the period of time beginning 24 months prior to the project completion date of The Astro, and ending 48 months after the project completion date of the Astro, and (b) 70% of the increase in state sales tax revenue collected by nearby retailers that commenced collecting state sales tax prior to 24 months prior to the project completion date of The Astro.

The Astro has been completed, and a certificate of occupancy issued by the City on January 23, 2024, which is the completion date of The Astro (the “eligible sports arena facility” under the Act). A copy of the building permit and certificate of occupancy are included at Tab 3 in this application packet.

5. Documentation of Local Financial Commitment

The City of La Vista has committed to oversee operations and maintenance of the Parking Project. The City has engaged ABM Parking to manage the off-street parking structures included in the Parking Project, and has established parking rates and fees for visitors to park in certain areas of the development. A copy of the agreement with ABM Parking begins on page 12.

The City has further committed to seek sufficient resources to cover the costs of the Parking Project, including parking fees from daily and monthly parking customers, turnback tax assistance under the Act, and other revenues available to the City. Further, the City is obligated to impose property taxes to pay for portions of the Parking Project if such revenue sources are not sufficient.

Turnback tax assistance under the Act for the Parking Project will help ensure that the City does not need to impose property taxes to pay for the Parking Project.

C. Hours of Operation

1. The Off-Street Parking Facilities shall be opened and operational for public parking 365 days per year.

Scott – I think we want to leave this in based on a follow-up conversation I had with the City Administrator. At some point I think she is going to want you to start monitoring and putting warning tags on vehicles, much to the chagrin of our PD. As things start to build out this will be a means of at least starting some type of "enforcement" effort. I believe we will be pursuing legislation to let us transfer ticket writing authority to you as well, so it is probably prudent to leave that in there. If it changes the budget number let me know. 2. The hours of operation of the Parking Facilities may be revised from time to time by the La Vista City Council. Written notification of any approved changes will be provided to the Operator by the Parking Manager.

D. Enforcement

1. The contractor shall monitor compliance with the City's time-limits for on-street parking and report any violations to the Uniform Patrol Bureau of the La Vista Police Department.
2. All violations should be logged by the contractor, noting the license plate number, make, and model of the violating vehicle.

E. Parking Fees

1. Subject to change from time to time by the La Vista City Council, the parking fees and charges that are to be collected by Contractor for each automobile or other vehicle parked in the Parking Facilities are attached hereto as Exhibit B, which is incorporated herein by reference,
2. Notification of changes to the parking fees and charges will be provided to the Contractor in writing.
3. Contractor shall not collect any other parking rate or charges and shall not charge for any service not set forth in this Agreement unless authorized by written notification from the Parking Manager.

F. Use of Parking Access Revenue Control (PARCS) Equipment

Contractor shall operate the Parking Facilities consistent with the City's Parking Access Revenue Control System, hereinafter referred to as the "PARCS system", and according to the procedures required by the Parking Manager. The PARCS System, including any Software, will not be copied, modified, sold, or made available, for any reason, to a third party. Contractor shall defend, indemnify and hold harmless the City pursuant to the Indemnification provisions of this Agreement with respect to any claims that arise from any such copying, modification, sale or other distribution of the PARCS system software. As specified by the Parking Manager, certain report forms and procedures shall be used in conjunction with the PARCS system. Any modifications of said reports and procedures shall be subject to prior approval and authorization from the Parking Manager.

G. Deposits of Cash Receipts

Any and all monies charged or collected by Contractor for parking fees shall be deposited by Contractor directly into a bank account (hereinafter "Account") controlled by Contractor. Deposits will be made into the Account by Contractor the next business day following each day's activities, before 3:00 P.M., except for Saturdays, Sundays, and Holidays, for which deposit shall be made on the next business day. All bank deposit slips shall be made out in multiple copies and retained. One copy of any bank deposit slip shall be forwarded for same day delivery to the attention of the Parking Manager. Contractor shall file daily reports on said deposits with the Parking Manager in such form and manner and at such times as may be specified by the Parking Manager. Except in the case of a Force Majeure situation, failure to prepare the required bank deposit and place said deposit into the Account on a daily basis shall constitute a material breach, for which the City shall be entitled to immediately terminate all of Contractor's rights hereunder, unless the Parking Manager determines that it is in the interests of the City to continue this

Agreement and the required amount is deposited within such period of time, up to three (3) business days, as specified by the Parking Manager.

H. Permit Parking

The Contractor shall administer all aspects of the Permit (long-term) parking system established by the City in connection with the Parking Facilities. This shall include but not be limited to billing, collection and issuance of access cards; collection of and reimbursement to customers of card deposits made therefore; and assessment and collection of any penalties associated with use of same.

I. Short-term Parking

1. All parking other than on a permit basis shall be on an hourly or short-term rate basis and shall be considered short-term parking.
2. Any and all monies charged or collected by Contractor for short-term parking, shall be deposited by Contractor into the Account in the manner established pursuant to Section 3(G) of this Agreement. Contractor shall file daily reports on said deposits with the Parking Manager in such form and manner and at such times as may be specified by the Parking Manager.
3. The PARCS requires that customers pay as they leave the Parking Facility. The Contractor will educate and assist customers with the processes to pay and leave the Parking Facility.
4. Contractor shall maintain control of the supply of tickets in a secure location and monitor the PARCS system to be sure adequate supplies are available for disbursement. A ticket log shall be maintained showing the beginning and ending serial numbers of tickets in supply and number sequences in each ticket dispenser.
5. All tickets collected by the PARCS system, including all voided tickets, shall be collected by Contractor on a daily basis and shall be stored and retained by Contractor for transmittal to City. Contractor shall bundle and box all tickets as directed by the Parking Manager. City shall store tickets for a six (6) month period before they may be destroyed.
6. Contractor shall submit to City, on the day after issuance or, if that day is a Saturday, Sunday or Holiday, then on the next business day, all parking tickets issued each day and returned to Contractor by customers. Before submitting tickets to City, Contractor shall separate them as follows:
 - a. Tickets that have been validated shall be separated by categories from those which have not.
 - b. Of the validated tickets, tickets related to cash or credit card transactions shall be separated from tickets related to no charge transactions.
 - c. Tickets shall also be separated in such other manner as the Parking Manager may require.
7. Contractor shall file with the Parking Manager monthly reports, in such form and manner and at such times as may be specified by the Parking Manager, setting forth the total amount of monies collected by Contractor at the Parking Facility for tickets issued; an itemization detailing

the amounts collected under each applicable rate; and such other information as the Parking Manager may specify.

8. Contractor shall submit a monthly unaccounted- for ticket report for the prior month by the 20th day of each month. The unaccounted- for ticket report shall be submitted to the City in an automated spreadsheet report and shall be calculated according to the format, procedures, and with software, prescribed by the Parking Manager.

9. All of the functions and procedures for short-term parkers shall be performed by utilization of the PARCS system. Relayed daily reports from the PARCS system shall be generated on a daily basis as required by the Parking Manager.

J. Discrepancies in Fees Collected for Tickets

All discrepancies in fees collected for tickets shall be reported monthly to the Parking Manager. With the exception noted in Subsection 1 below, all discrepancies are the responsibility of the Contractor and shall be paid to City as follows:

1. If Contractor can justify the discrepancy in writing to the satisfaction of the Parking Manager, the amount undercharged or not collected is not owed by Contractor.
2. If Contractor cannot justify the discrepancy in writing to the satisfaction of the Parking Manager, the amount undercharged or not collected shall be deducted from the reimbursable Operating Expenses (as defined below) owed to Contractor in the next month.
3. All amounts overcharged by Contractor and all cash overages (amounts received by Contractor in excess of amounts reported) shall be paid to City. Overcharges or overages may be used to offset Contractor liability for any amounts undercharged or shortages, except for undercharges or shortages that Contractor fails to justify to the satisfaction of the Parking Manager.

K. Vehicle Inventory

On a daily basis, during a time period to be determined by the Parking Manager, Contractor shall make a list of all vehicles parked in the Parking Facilities by license number and shall obtain such other information concerning said vehicles as directed by the Parking Manager.

L. Parking Validations

1. Contractor shall be responsible for the collection and accounting of all parking validations, in a manner prescribed by the Parking Manager and in accordance with City revenue control and reporting procedures.
2. In respect to Contractor's responsibility to collect and account for parking validations, Contractor shall incorporate the goal of assuring that the utilization of parking validations in the Garage shall be for the purpose of validating customer parking only. Contractor will cooperate with City employees enforcing policies relating to the use of parking validations.

3. Contractor shall make every reasonable effort to monitor the fraudulent utilization of validations and to identify all people who attempt to fraudulently evade parking fees that are due and payable to the City.
4. City shall have the right to schedule times to meet and talk to employees of Contractor in regard to identification and observation of vehicles utilizing parking validations.
5. City shall have the right to independently monitor, survey, and investigate utilization of parking validations in the Parking Facilities with City employees.

SECTION 4. OPERATING EQUIPMENT

A. Operating Equipment

City shall furnish operating equipment to Contractor for use in operation of the Parking Facilities. Operating equipment shall include, but is not limited to, gate arms, automated payment stations, safe(s), fee computer software, and card readers, as provided or installed by the City.

B. Inventory

1. Within five (5) days of commencing performance under this Agreement, Contractor shall execute an inventory receipt for the operating equipment furnished by City. Contractor shall take prudent and reasonable care to safeguard and properly use all such equipment. Contractor shall return the equipment to City in the same condition as when received, with the exception of ordinary wear and tear. Replacement of said equipment that needs to be replaced due to ordinary wear and tear shall be replaced by the City at its cost, subject to prior authorization of the Parking Manager.
2. Except for supplies and other property that are normally used up and consumed in the operation of parking garages, Contractor shall not dispose of any City property without the written consent of the Parking Manager.

6. Site Plans Showing Location of (a) Privately Owned Concert Venue and Unbuildable Property, (b) the Adjusted Turnback Tax Area, and (c) the Parking Project:

- (a) The site plan on page 44 titled “Unbuildable Area” shows the location of The Astro, which is the privately owned concert venue described in the Act. It also shows that approximately 37% of the area within 600 yards of The Astro, as measured in accordance with the Act, is “unbuildable” which is defined in the Act as “property located in a floodway, an environmentally protected area, a right-of way, or a brownfield site.”

When more than 25% of such area is unbuildable, the Act provides that “the program area shall be adjusted so that (a) it avoids as much of the unbuildable property as is practical, and (b) it contains contiguous property with the same total amount of square footage that the program area would have contained had no adjustment been necessary.” See Section 13-3102(19)(a)(ii).

- (b) The City’s proposed adjustment to the program area to (a) avoid as much unbuildable property as practical while maintaining contiguity can be found on page 45. Such map reflects the program area proposed by the City for this application.
- (c) The map showing the components of the Parking Project, which consists of the parking projects located within 700 yards of The Astro as measured pursuant to the Act, is on page 46.

7. Certified Copy of City Resolution

RESOLUTION NO. 25-102

A RESOLUTION OF THE MAYOR AND COUNCIL OF THE CITY OF LA VISTA, NEBRASKA, AUTHORIZING SUBMITTAL OF AN APPLICATION TO THE STATE OF NEBRASKA FOR ASSISTANCE UNDER THE SPORTS ARENA FACILITY FINANCING ASSISTANCE ACT TO FUND PARKING FACILITIES NEAR ASTRO THEATER.

BE IT RESOLVED by the City Council of the City of La Vista, Nebraska:

Section 1. The City Council (the “**Council**”) of the City of La Vista, Nebraska, (the “**City**”) hereby finds and determines as follows:

- (a) The Nebraska Legislature has enacted the Sports Arena Facility Financing Assistance Act, Nebraska Revised Statutes §§ 13-3101 to 13-3110 (the “**Act**”), to promote the construction and development of certain types of facilities within the State of Nebraska, including publicly owned parking facilities near a privately owned concert venue like The Astro, which is a privately owned theater located in the City with an indoor seating capacity of 2,400 guests (the “**Concert Venue**”). Under Section 13-3102(9)(d), the Concert Venue qualifies as an “eligible sports arena facility” under the Act. As a result, Section 13-3103(3) of the Act qualifies the City for assistance from the state to pay the costs of “nearby parking facilities” constructed and owned by the City which are located within 700 yards of the Theater (the “**Parking Facilities**”).
- (b) The City is a city of the first class in the State of Nebraska, and the Act provides financial support to the City from the State of Nebraska in the form of the remittance of a portion of the State sales tax collected on certain transactions in an area around the Concert Venue, subject to the limitations under the Act (the “**Turnback Tax**”).
- (c) Under the Act, the City may submit an application requesting the Turnback Tax to be used by the City to pay back amounts expended by the City, or borrowed by the City through one or more issues of bonds to be expended by the City, to acquire, construct, improve, or equip the Parking Facilities (the “**Eligible Costs**”) under the conditions of Sections 13-3103(4) of the Act. If the application is approved, such Turnback Tax may be used by the City and applied to pay such Eligible Costs as permitted by Section 13-3103(4).
- (d) A building permit was issued for the construction of the Astro Theater, and the City has constructed and expects to construct Parking Facilities near the Astro Theater in order to provide adequate parking for the efficient and productive operation of the Astro Theater to promote increased visitors to the City and the State. The City constructed and will construct the Parking Facilities in anticipation of assistance from the State through the Turnback Tax in order to benefit the State through increased tourism and visitors.
- (e) It is advisable and appropriate for the City to authorize the submission of an application for assistance under the Act by officers of the City to pay the costs of the Parking Facilities.

Section 2. The City shall apply for assistance under the Act for Turnback Tax to pay for the Parking Facilities. The City hereby authorizes the Mayor, City Administrator, Director of

Administrative Services, and Finance Director (each, an “**Authorized Officer**”) to approve the form and contents of an application, and all materials submitted therewith (the “**Application**”) and to execute and submit the Application on behalf of the City in pursuance of the requirements of the Act to secure Turnback Tax for the City’s Parking Facilities.

Section 3. Upon approval of the Application from the Sports Arena Facilities Financing Assistance Board under the Act (the “**Board**”), and upon receipt of such Turnback Tax, the City may use the Turnback Tax to pay the costs of the Parking Facilities expended by the City and for other permitted purposes under the Act.

Section 4. The Authorized Officers are hereby authorized to do all things and execute all documents as may by them be deemed necessary and proper to complete and submit the Application and the actions contemplated by this Resolution.

PASSED AND APPROVED THIS 6TH DAY OF AUGUST 2025.

8. Letter of Support

September 5th, 2025

James Kamm Tax
Commissioner Nebraska Department of Revenue
301 Centennial Mall South
Lincoln, Nebraska 68508

Dear Commissioner Kamm,

We are writing to support the City of La Vista's application for assistance through the Sports Arena Facility Financing Assistance Act to fund parking facilities near The Astro concert venue.

Approving the City's application gives the State a unique opportunity to further two critical goals: (1) attract more tourism to Nebraska from other states, and (2) retain young people in Nebraska through support of a concert venue whose key demographic is young people and help reverse the "brain drain" experienced in recent years.

The City's existing and future planned parking facilities located nearby The Astro are crucial to the ongoing success of the concert venue. One of the primary factors in positive concertgoer experiences in Nebraska, which drives future concert traffic and performer commitments, is abundant parking within close proximity of the concert venue. The City's investment in parking structures will improve the concertgoer experience, thus driving an increased number of shows and increased ticket sales at The Astro. The high quality acts that come through The Astro will draw visitors from a broader geographic region across the Midwest and will excite younger demographics right here at home in Nebraska.

High quality entertainment available at The Astro's will draw visitors from South Dakota, Iowa, Kansas, and Missouri. Additionally, given the State's interest in reversing the trend of young people moving away from Nebraska to places with more entertainment options, the State's interests are best served by providing funding for this critical parking infrastructure. It will drive more visitors and sales tax dollars to La Vista, and help to retain more young people in our great State of Nebraska.

We encourage you to approve the City of La Vista's application and would be happy to answer any questions about the importance enhancing the quality and quantity of nearby parking for The Astro

Sincerely,

Chris Erickson, Owner
