

Report of State Aid to Local Subdivisions Fiscal Year 2019-2020

- Letter from the Tax Commissioner
- Section One – Comparison of 2019 Property Taxes Levied and Fiscal Year 2019-2020 State Aid to Local Subdivisions
- Section Two – A Summary of State Aid to Local Subdivisions, and a List of Specific Aid Programs Funded by the Legislature from State Revenue Sources

Pete Ricketts, Governor

September 2020

This 2019-20 Report of State Aid to Local Subdivisions was prepared by the Nebraska Department of Revenue (DOR) pursuant to [Neb. Rev. Stat. § 77-1704.01](#) for distribution to Nebraska taxpayers.

Section One contains a schedule for all 93 counties listing the local subdivisions receiving state aid. Each schedule includes the total amount of property taxes levied in 2019 for collection in 2020, and the amount of general fund aid from state sources for FY 2019-20. Only the subdivisions required by statute are listed. Total property taxes levied are total property taxes levied, including amounts reimbursed under the homestead exemption program and the property tax credit programs.

The total for each county receiving funds is listed separately on each county's schedule. The amounts of total property taxes and state aid for the subdivision are the total amounts for the local subdivision and not just the portion in this county. To avoid double counting, these totals are only shown in the county where the local subdivision is considered headquartered.

Section Two includes a tabulation of specific aid programs funded by the Legislature from state revenue sources, and a summary of state aid paid to local subdivisions in each county.

If you have any questions regarding this report, please contact Hoa Phu Tran in DOR's Research Section at 402-471-5896, or hoaphu.tran@nebraska.gov.
