2025 Nebraska Financial Institution Tax Return

Instructions

What's New

Financial Institution Tax and Limitation Rate Change (LB 754, 2023). The financial institution tax rate for taxable year 2025 is reduced to \$.31 per \$1,000 of average deposits and the limitation amount is reduced to 2.54% of net financial income. The tax rate on average deposits and the limitation rate is based on the highest corporate rate which was reduced from 5.84% for 2024 to 5.20% for 2025.

Affordable Housing Tax Credit Act (LB 182, 2025). The definition of taxpayer was updated to classify nonprofit corporations as taxpayers eligible for the credit.

If an owner of a qualified project is a pass-through entity, the credit shall be allocated to some or all the partners, members, or shareholders of the owner of the qualified project. Any pass-through entity that receives an allocation of the credit, either from the owner of the qualified project or from another pass-through entity, may further allocate the tax credit among some or all of the partners, members, or shareholders, or transfer, sell, or assign all or a portion of the tax credit to a taxpayer. A pass-through entity may allocate the tax credit in any manner agreed to by its partners, members, or shareholders. A partner, member, or shareholder of a pass-through entity may transfer, sell, or assign all or part of his or her ownership interest, including his or her interest in the tax credits authorized. A taxpayer may transfer, sell, or assign all or a portion of the tax credit to another taxpayer.

Creating High Impact Economic Futures (CHIEF) Act (LB 650, 2025). The tax credits established under the CHIEF Act will not be allowed for calendar year 2026 or any year thereafter, except that tax credits allowed for calendar year 2025 that are unused may be carried forward for five years.

Child Care Tax Credit Act (LB 182, 2025). The definition of taxpayer under the Child Care Tax Credit Act (Act) was expanded to include insurance companies subject to premium and retaliatory taxes imposed by Neb. Rev. Stat. §§ 44-150, 77-908, or 81-523 and financial institutions subject to the franchise tax imposed by Neb. Rev. Stat. §§ 77-3801 to 77-3807. The nonrefundable tax credit for contributors allowed under the Act can be used to offset any premium and retaliatory taxes or any franchise tax due under the above-noted statutes.

Relocation Incentive Act (LB 1023, 2024 and LB 650, 2025). For taxable years beginning on or after January 1, 2025, the Nebraska Relocation Incentive Act allows a refundable tax credit to employers who pay relocation expenses for qualified employees and who apply for the tax credit with DOR. The total amount of tax credits allowed is limited to \$1 million each year.

Community Development Assistance Act (CDAA) (LB 1344, 2024 and LB 650, 2025). Operative January 1, 2026, LB 650 reestablishes the CDAA and provides a tax credit to community betterment organizations that provide community assistance or community services in a community development area. Applications are approved by the Department of Economic Development. Credits are limited to \$350,000 each fiscal year.

Nebraska Shortline Rail Modernization Act (LB 937, 2024 and LB 650, 2025). For taxable years beginning on or after January 1, 2025, the Nebraska Shortline Rail Modernization Act provides a nonrefundable tax credit for qualified maintenance expenditures incurred by a Class III railroad and who apply for the tax credit with the DOR. The total amount of tax credits allowed is limited to \$500,000 each fiscal year.

Foreign Adversary and Terrorist Agent Registration Act (LB 644, 2025 – Section 31 - Operative October 1, 2025). Under LB 644, any foreign adversarial company is ineligible to receive any benefits under any incentive program of the State of Nebraska.

Important Information for All Filers

Period Covered by the Return. This return must be filed for the 2025 calendar year or fiscal year beginning in 2025. Contact DOR for instructions if the financial institution's fiscal year ends other than on a calendar quarter.

Financial institutions experiencing a short year (less than 12 months) must file a short-period return on or before the 15th day of the third month following the end of its short year. See:

- ◆ [Revenue Ruling 24-90-1: Financial Institution Tax - Filing Requirements of Short-Period Tax Returns](#); and
- ◆ [Revenue Ruling 24-91-1: Financial Institution Tax - Average Deposits of Short-Period Tax Returns](#).

Enter All Amounts as Whole Dollars. Do not include cents on the return or schedules. Do not change the pre-printed zeros in the cents column of the Form 1120NF. Round any amount from 50 cents to 99 cents to the next higher dollar. Round any amount less than 50 cents to the next lower dollar.

Penalties and Interest. Either or both may be imposed under the following conditions:

- ◆ Failure to file a return and pay tax due on or before the due date;
- ◆ Failure to pay the tax due on or before the due date;
- ◆ Failure to file an Amended Nebraska Financial Institution Tax Return to report changes made to the financial institution's amount of deposits or net financial income;
- ◆ Preparing or filing a fraudulent return; or
- ◆ Understatement of deposits or net income before taxes and discontinued operations on a financial institution tax return.

Filing a false or fraudulent Nebraska tax return is subject to penalty, even if the amounts reported are taken from your federal return or reports filed with state or federal regulatory agencies. Unpaid tax is subject to interest at the statutory rate of 8% from the original due date to the date the tax is paid. See the DOR Interest Rate Assessed on State Taxes [Revenue Ruling](#) for applicable interest rates.

Reporting Changes or Corrections. Use [Amended Nebraska Financial Institution Tax Return, Form 1120XNF](#), for the tax year corresponding to the return being amended.

NOTE: A refund of tax is only allowed when an amended return is filed within 90 days of the date the tax is due or was paid, whichever is later, or within 90 days of a change made by a state or federal regulatory agency.

When filing an amended return to reflect corrected Call Report information, attach copies of the changed pages from the Call Report. When filing an amended return to report a change made by a state or federal regulatory agency to the financial institution's amount of deposits or its net financial income, include a dated copy of the regulatory agency's notice.

Nebraska Extension of Time. No extension of time to file or pay the tax is allowed.

Accounting Methods. The accounting method required by state and federal regulatory agencies must be used for Nebraska financial institution tax purposes. Income and expenses of a financial institution must be computed according to the requirements of its regulatory agencies.

Multistate Financial Institutions. Financial institutions that are subject to tax in more than one state must compute their tax liability based on the amount of average deposits connected with the financial institution's operations in Nebraska. These deposits equal the total deposits accepted at the financial institution's Nebraska offices, plus deposits solicited from Nebraska residents that are accepted at the financial institution's offices outside of Nebraska. The financial institution's limitation amount is computed using the portion of the net financial income that is apportioned to Nebraska using property and payroll factors.

When and Where to File

This return must be filed on or before the 15th day of the third month following the close of the taxable year of the financial institution.

Mail the return to:

Nebraska Department of Revenue

Shareholder's Schedule — Shareholder's Share of Nebraska Financial Institution Tax Paid

Financial institutions electing to be taxed under the IRC as S corporations must complete and file the [Shareholder's Schedule](#) with the [Financial Institution Tax Return, Form 1120NF](#), to report each shareholder's proportionate share of credit for the tax paid by the financial institution. If an estate or trust owns shares of the financial institution, attach a list of the beneficiaries of the estate or trust, including the beneficiaries' Social Security numbers, or other appropriate tax ID numbers. The shareholder or beneficiary Social Security numbers are required in order to verify the amount of the credit being claimed when the individual, or business entity, files an income tax return. If more lines are needed, make additional copies and attach to the Form 1120NF.

Columns (A) Through (E). Enter the name and mailing address of the shareholder or beneficiary, as applicable.

Column (F). Enter the Social Security number, or other appropriate tax ID number, of the shareholder or beneficiary, as applicable.

Column (G). Enter the shareholder's or beneficiary's ownership percentage, as applicable (calculate to at least six decimal places, then round to five decimals). For example, if the ownership percentage is .123464, round to .12346 and enter 12.346%.

If the ownership percentages change during the year, compute the individual shareholders' percentage using a ratio of income received by the individual to the total income of the financial institution. The percentages in column G must total 100%.

Column (H). Enter the total amount of tax paid by the financial institution from line 20, Form 1120NF.

Column (I). Multiply the tax paid in column (H) by the percentage in column (G). Enter the individual shareholder's or beneficiary's amount of calculated credit from Column (I) on the [Statement of Nebraska Financial Institution Tax Credit, Form NFC](#), provided to each shareholder or beneficiary.
