ACH Credit Record Field Definitions and Examples.....	7

Nebraska Electronic Funds Transfer (EFT) Credit Procedures

ACH Credit is an EFT payment option that requires you or your financial institution to use computer software to originate your tax payments. This software must create an electronic file in the required format, and submit this file to the Federal Reserve. This file instructs your bank to "credit" the state's bank.

If you have selected ACH Credit as your payment method, please follow these procedures to begin sending tax payments to the Nebraska Department of Revenue (DOR).

1. Provide a copy of the Nebraska EFT Bank Accounts (Attachment A) to your software provider.
2. Provide a copy of the Nebraska ACH Credit CCD+ Addendum Record Format (Attachment B) to your software provider for customization, if needed.
3. Determine the data fields you must have coded in your ACH addendum record. This includes the two-digit prefix for the tax type being paid (see page 5), your Nebraska ID number, your tax type, and the tax period for which you are reporting. Your Nebraska ID number and tax type should remain constant; however, your tax period ending date will normally change with each payment you send. If you are a corporation income taxpayer, use the year-end month for your tax period.
4. When you are ready to make a payment, arrange for the creation and transmission of your ACH Credit files to the state's bank.

Attachment A: Nebraska EFT Bank Accounts

If you have chosen to use the ACH Credit method to make your payment, use these bank accounts to "push" money into (credit) the state's bank accounts. These are not to be used with the Nebraska E-pay ACH Debit option.

FTA Tax Type Code	Tax Program	UPIC Bank Routing Number	UPIC Bank Account Number
11020	Air Carrier Tax	021052053	66059235

Attachment B: Nebraska CCD+ TXP Addenda Format

DOR requires use of the ACH Cash Concentration and Disbursement Plus (CCD+) format for EFT credit payments for tax liabilities. The plus (of "CCD+") represents the Addenda Record used to transmit your tax payment information. In an effort to provide greater uniformity to multi-state taxpayers, this addenda format also follows the Tax Payment (TXP) Banking Convention recommended by the Federation of Tax Administrators. When creating your file, this record must be formatted according to the following Nebraska CCD+ TXP format specifications.

Please verify that your contracted ACH provider or software can generate the Addenda Record according to these specifications.

Nebraska CCD+ TXP Addenda Format

Number	Field Name	Field Type	Pos.	Length	Example
1	Record Type Code	Numeric	1	1	Must be "7"
2	Addenda Type Code	Numeric	2-3	2	Must be "05"
3	Segment ID	Alphanumeric	4-6	3	Must be "TXP"
4	Separator	Alphanumeric	7	1	"**"
5	Taxpayer ID	Numeric	8-18	11	00999999999 (See table on page 7)
6	Separator	Alphanumeric	19	1	"**"
7	FTA Tax Type Code	Numeric	20 - 24	5	99999 (See list of valid codes on pages 8-11)
8	Separator	Alphanumeric	25	1	"**"
9	Tax Period Ending Date	Numeric	26 - 31	6	YYMMDD (Year, Month, Day)
10	Separator	Alphanumeric	32	1	"**"
11	Amount Type	Alphanumeric	33	1	"T"
12	Separator	Alphanumeric	34	1	"**"
13	Amount 1	Numeric	35 - 44	10	\$\$\$\$\$\$\$c¢
14	Separator	Alphanumeric	45	1	"**"
15	Taxpayer Verification	Alphanumeric	46 - 51	6	XXXXXX
16	Terminator	Alphanumeric	52	1	"\"

ACH Credit Record Field Definitions and Examples

The numbers below correspond to the field numbers shown on previous page.

Example

You are ABC Manufacturing, Inc. (Nebraska ID number 021-000392551) and you are making a quarterly withholding tax payment, for the first quarter of 2019, in the amount of \$21,487.55. Your Addenda Record should contain the following information in positions 1 through 52:

Addenda Record Example Defined by Position

0	10	20	30	40	50
123456789	123456789	123456789	123456789	123456789	123456789
705TXP*21000392551*01100*190331*T*0002148755*ABC MA\					

Addenda Record Example Defined by Format

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
705TXP*21000392551*01100*140331*T*0002148755*ABC MA\															

- 1 **Record Type Code** (required) must always be coded as "7".
- 2 **Addenda Type Code** (required) must always be coded as "05".
- 3 **Segment ID** (required) identifies the transfer as a tax payment. It must always be coded as "TXP".
- 4 **Separator** (required) must always be "**"

5 Taxpayer ID (required) is an 11-digit number made up of a two-digit prefix and a nine-digit suffix.

The prefix is the tax category and is constant for a specific tax type. See the table below for valid prefixes. The suffix is the last nine digits of the state-assigned Nebraska ID number. If your Nebraska ID number is less than nine digits, add zeros on the left to make a nine-digit number.

Do not include any preceding numbers, dashes, trailing numbers, or spaces when formatting your Nebraska ID number.

Tax Program	Prefix (Tax Cat)	Suffix (Sample Nebraska ID Number)	Formatted, Combined Nebraska ID Number	FTA Tax Type Code
Air Carrier Tax	38	000040506	38000040506	11020

6 Separator (required) must always be “**”

7 FTA Tax Type Code (required) defines the tax being paid and the type of payment. Nebraska requires that TAX TYPE is a total of five positions in length. The current valid TAX TYPE Codes are listed below. All are established national standard Tax Type Codes.

Air Carrier Tax

11020 Indicates an annual air carrier tax payment which corresponds to Nebraska [Form 40](#). Tax Period End Date must be prior calendar year month end, 12.

ATV/UTV Sales Tax

04720 Indicates a monthly all-terrain and utility-type vehicle tax collection remittance to the state which corresponds to a Nebraska [Form 9ATV](#). Tax Period End Date value can be any month, 01 through 12. This tax type should be used to report sales tax on ATV/UTV sales and is for use only by county treasurers or other county officials.

Car Line Tax

11010 Indicates an annual car line tax payment which corresponds to Nebraska [Form 44](#). Tax Period End Date must be prior calendar year month end, 12.

Cigarette Tax (Purchase Order & Postage)

07210 Indicates a cigarette tax stamps payment which corresponds to [Purchase Order for Nebraska Cigarette Tax Stamps](#) form. Tax Period End Date value can be any month, 01 through 12.

Cigarette Tax (Returns)

07200 Indicates a monthly cigarette tax payment which corresponds to Nebraska [Form 55C](#). Tax Period End Date value can be any month, 01 through 12.

Corporation Income Tax

02000 Indicates a payment against an outstanding liability remitted with a Nebraska [Form 1120N](#), [1120XN](#), [1120XNF](#), or a Balance Due Notice. The month used in your Tax Period End Date should be your year-end month.

02100 Indicates an estimated installment payment remitted with a Nebraska [Form 1120N-ES](#), [Payment Voucher](#). The month used in your Tax Period End Date should be your year-end month.

02300 Indicates a payment associated with a request for an extension of time, corresponding to Nebraska [Form 7004N](#). The month used in your Tax Period End Date should be your year-end month.

County Treasurers Sales Tax

04700 Indicates a monthly county treasurer’s sales tax collection remittance to the state which corresponds to a Nebraska [Form 9](#). Tax Period End Date value can be any month, 01 through 12. (Corresponds to the number 3 preceding your Taxpayer ID)

Documentary Stamp Tax

11200 Indicates a monthly documentary stamp tax payment which corresponds to Nebraska [Form 52](#). Tax Period End Date value can be any month, 01 through 12.

Fiduciary Income Tax

01700 Indicates a final fiduciary income tax payment which corresponds to Nebraska [Form 1041N](#). Tax Period End Date value can be any month, 01 through 12.

01720 Indicates an estimated installment payment remitted with a Nebraska [Form 1041N-ES](#) Payment Voucher. The month used in your Tax Period End Date should be your year-end month.

01730 Indicates a payment associated with a request for an extension of time, corresponding to Nebraska [Form 7004N](#). The month used in your Tax Period End Date should be your year-end month.

Income Tax Withholding

01100 Indicates a monthly deposit, a balance due payment, or a payment against an outstanding liability. Tax Period End Date value can be any month, 01 through 12. Note: This TAX TYPE works for any type of withholding payment, including monthly deposits, balances due, and other outstanding liabilities.

Litter Fee

12020 Indicates a monthly or quarterly litter fee payment which corresponds to Nebraska [Form 28](#). Tax Period End Date value must be month 06.

Lodging Tax

07400 Indicates a monthly or quarterly lodging tax payment which corresponds to Nebraska [Form 64](#). Tax Period End Date value can be any month, 01 through 12.

Motor Fuels Combined Reporting Tax

05000 Indicates a monthly or quarterly motor fuels combined reporting tax payment. Tax Period End Date value can be any month, 01 through 12.

Motorboat Sales Tax

04710 Indicates a monthly or quarterly motorboat sales tax payment which corresponds to Nebraska [Form 9MB](#). Tax Period End Date value can be any month, 01 through 12. This tax type should be used to report sales tax on motorboat sales and is for use only by county treasurers or other county officials.

Nameplate Capacity Tax

11000 Indicates a quarterly or annual tax payment which corresponds to Nebraska [Form 424-R](#). Tax Period End Date value can be any month, 01 through 12.

Pari-Mutuel Wagering Tax

14200 Indicates a monthly wagering tax payment which corresponds to Nebraska [Form 69](#). Tax Period End Date value can be any month, 01 through 12.

Partnership Income Tax

02900 Indicates an annual partnership income tax payment which corresponds to Nebraska [Form 1065N](#). Tax Period End Date values must be 00 for month and 00 for day.

02930 Indicates a payment associated with a request for an extension of time, corresponding to Nebraska [Form 7004N](#). Tax Period End Date values must be 00 for month and 00 for day.

Prepaid Wireless Surcharge

04900 Indicates a monthly or quarterly prepaid wireless surcharge payment which corresponds to Nebraska [Form E911N](#). Tax Period End Date value can be any month, 01 through 12.

Railroad Excise Tax

07000 Indicates a quarterly or annual railroad excise tax payment which corresponds to Nebraska [Form 34](#). Tax Period End Date value must be 00 for month and 00 for day.

Sales and Use Tax (when the Tax Category on Nebraska Form 10 is 01)

04100 Indicates a monthly or quarterly sales and use tax payment which corresponds to a Nebraska [Form 10](#) when the Tax Category is 01. Tax Period End Date value can be any month, 01 through 12.

Sales and Use Tax (when the Tax Category on Nebraska Form 10 is 02)

04400 Indicates a monthly or quarterly use tax payment which corresponds to a Nebraska [Form 10](#) when the Tax Category is 02. Tax Period End Date value can be any month, 01 through 12.

Severance and Conservation Tax

08000 Indicates a monthly severance and conservation tax payment which corresponds to Nebraska [Form 61](#) or Nebraska [Form 62](#). Tax Period End Date value can be any month, 01 through 12.

Tire Fee

20020 Indicates a monthly or quarterly tire fee payment which corresponds to Nebraska [Form 9B](#) or [Form 93](#). Tax Period End Date value can be any month, 01 through 12.

Tobacco Products Tax

07300 Indicates a monthly tobacco products tax payment which corresponds to Nebraska [Form 56](#). Tax Period End Date value can be any month, 01 through 12.

Use Tax - Business

04500 Indicates a monthly or quarterly use tax payment which corresponds to a Nebraska [Form 2](#) or [Form 3](#). Tax Period End Date value can be any month, 01 through 12.

Waste Reduction and Recycling Fee

12010 Indicates a monthly or quarterly waste reduction and recycling fee payment which corresponds to Nebraska [Form 94](#). Tax Period End Date value must be month 06.

- 8 Separator** (required) must always be "**"
- 9 Tax Period Ending Date** (required) indicates the period for which the tax is being paid and must be reported in six-character format YYMMDD (where YY = tax year, MM = tax month, and DD = the last day of the month for which the tax is being paid, not the current date or due date). An example of a correct TAX PERIOD ENDING DATE is 140930 (September 30, 2014). For both Partnership and Railroad Excise the format needs to reflect, the tax year date while the month and day must be 00. An example of a correct TAX PERIOD ENDING DATE for these sources is 190000 (September 30, 2019).
- 10 Separator** (required) must always be "**"
- 11 Amount Type Code** (required) indicates the type of payment that follows. Nebraska uses only one Amount Type Code field. Amount Type Code is always "T".
- 12 Separator** (required) must always be "**"
- 13 Amount 1** (required) is right justified, and left zero filled. It is not variable length; it is always 10 positions in length. The Amount must always indicate cents. If the payment is \$2,187, then it should be coded as 0000218700.
- 14 Separator** (required) must always be "**"
- 15 Taxpayer Verification** (optional) is the first six letters, or an abbreviation of your company name.
- 16 Terminator** must always be "\".
