

Nebraska Department of Revenue  
Property Assessment Division  
Brown Paper Tickets Procedures  
January 2021

Purpose:

The goal is to have a simple method to register for all classes, webinars and trainings offered by the Property Assessment Division that also allows for a history as well as the attendees and allowing payment options at the time of registration. **It is important to complete the registration process completely and accurately as the registrations are compared to the downloaded class listings and all are necessary to approve the certificate holder's credit hours. Please DO NOT register more than once.** NOTE: If you register yourself and others, only the person that registered will receive the link email for joining the presentation. The link can be forwarded to the others, but proper registration is necessary for educational credit.

**Step 1:** Go to [PAD education calendar](#) and click on the link under the 'Location & Registration' column to bring up the departments events, which takes you [Brown Paper Tickets](#) in Step 2.

The Fundamentals of Real Property Appraisal is designed to provide the students with an understanding and working knowledge of the procedures and techniques required to estimate the market value of vacant and improved properties. This course concentrates on the skills necessary for estimating the market value of properties using two approaches to value: the cost approach and the sales comparison approach. The Fundamentals of Real Property Appraisal utilizes lectures, classroom discussion, and homework problems to emphasize the main concepts and procedures taught in the course.
