## Important Information For All Filers

**Purpose.** These instructions provide guidance in completing the most common Nebraska Public Service Entity Report (Form 43) and corresponding schedules. This worksheet is intended to be useful to the greatest number of taxpayers. Nothing in these instructions supersedes, alters, or otherwise changes any provision of the Nebraska tax code, regulations, rulings, or court decisions. The Form 43, will be used by the Property Tax Administrator to determine the taxable value of each public service entity.

The Department of Revenue encourages the preparer of any Form 43 to review applicable Nebraska law regarding any issue that may have a material effect on this return. Nebraska legal information and other useful information pertaining to property assessment and taxation may be found at [www.revenue.nebraska.gov/PAD/index.html](http://www.revenue.nebraska.gov/PAD/index.html).

**Who Must File.** All public service entities, as defined by [Neb. Rev. Stat. § 77-801.01\(3\)](#), organized for profit that own or lease operating property in Nebraska, must file a Form 43 including all appropriate schedules prescribed by the Tax Commissioner.

**When to File.** This report, all applicable schedules and supplemental information, must be filed on or before April 15 following the close of the prior tax year ending December 31. The public service entity must report all non-operating property to the county assessor on or before January 1 of each year, pursuant to [Neb. Rev. Stat. § 77-801\(3\)](#).

**How to File.** The Form 43 and all applicable schedules are required to be filed electronically and compatible with Microsoft Excel. The required signatures on the Form 43 may be emailed in a PDF format or mailed with an original signature. All other supplemental information may be submitted in Microsoft Excel, PDF, or as a paper copy.

**Complete filing.** The Form 43 and all applicable schedules must be completed in the format as prescribed below. The filing will be considered incomplete, and the public service entity may be subject to penalties, if the Form 43 and/or any schedules are left blank, altered, or not completely filled out.

**Email and Mailing Address.** The Form 43, applicable schedules, and supplemental information being sent electronically must be sent to: [pat.psu@nebraska.gov](mailto:pat.psu@nebraska.gov)

Please note that this is an automated email account which is monitored by Department staff.

The signature page only (paper copies of the Form 43 and schedules are not needed by the Department) and any supplemental information being sent in paper format must be mailed to:

Nebraska Department of Revenue  
Property Assessment Division  
301 Centennial Mall South  
PO Box 98919  
Lincoln, NE 68509-8919

**Extension of Time Request.** An extension to file may only be obtained by written request. The Property Tax Administrator may allow up to a 15-day extension past the due date to file for good cause shown. Any extension request must be sent to either the email or mailing address shown above.

**Penalties.** Pursuant to [Neb. Rev. Stat. § 77-803](#), a penalty of \$100 per day past the due date or extension date, up to \$10,000, may be imposed under the following conditions, but not limited to:

- > Failure to furnish the Form 43 and all applicable schedules by the prescribed due date;
- > Furnishing an incomplete Form 43 and/or applicable schedule;
- > Failure to file a corrected Form 43 and/or applicable schedule in a timely manner after errors were discovered;
- > Preparing and/or filing a fraudulent Form 43 and/or applicable schedule;
- > Understatement or overstatement of any figure on the Form 43 and/or applicable schedule; or
- > Failure to report a sale of a public service entity to the Division within 30 days from date of sale.

**Reporting Changes or Corrections.** If information on the Form 43 and/or any applicable schedule that was previously filed is discovered to be incorrect, please provide a brief description of the correction, the corrected Form 43 and/or schedule, and a copy of the related supplemental information immediately.

**Sale of Entity.** Pursuant to [Neb. Rev. Stat. § 77-804](#), any sale of a public service entity must be reported by the purchaser to the Property Tax Administrator within 30 days from the date of the sale. The purchaser must identify the seller, the date of the sale, any change in name of the entity, and the purchase price of the entity. If additional information regarding the sale is needed by the Property Tax Administrator, a specific written request will be made.

**Audit.** Pursuant to [Neb. Rev. Stat. § 77-1335](#), the Property Tax Administrator may recertify value based on discovery of any error affecting the value, within 3 years after the date the value was certified. The records required to substantiate any return must be retained and be available for at least 3 years following the date the value was certified.

**Accounting Methods.** The accounting method used for federal income tax purposes must be used on the Nebraska Schedule 14. The Form 43 and all other applicable schedules (excluding the Schedule 14) will use the same accounting method as prescribed by the regulatory agency the public service entity must report to. If the public service entity does not report to a regulatory agency, then use the Generally Accepted Accounting Principles method. The public service entity may not change the accounting method used on the Form 43 or any of the applicable schedules to report prior years' information, unless the change was approved by the IRS, regulatory agency, or the Department. A copy of this approval must accompany the first return that shows the change in the method of accounting.

**Informal Protests.** Pursuant to [Reg-30-005.03E, Property Valued by the State](#), the public service entity may meet with staff informally or by telephone conference through August 5 to discuss the proposed valuation or method of allocation.

**Formal Protests.** Pursuant to [Reg-30-005.05A, Property Valued by the State](#), the public service entity may file a formal appeal with the Tax Commissioner on or before September 10. The appeal must meet the standards outlined in [Practice and Procedure Regulation, Chapter 90](#).

**Authorization.** This report and all subsequent requested information is authorized by [Neb. Rev. Stat. § 77-801](#). This report was last revised on 1/2019.

## Supplemental Information Required of All Entities

**Regulatory Report.** If the public service entity files a report with any federal regulatory agency (for example, FERC, FCC, etc.) and/or the Nebraska Public Service Commission, a copy of each report for the most recent fiscal year must accompany the Form 43.

**Federal Form 10K.** If the public service entity and/or the parent company of the public service entity files a Federal Form 10K with the Securities and Exchange Commission, a copy each report for the most recent fiscal year must accompany the Form 43. If information is available online, a web address may be reported in lieu of filing the actual 10K.

**Rate Case.** If the public service entity has had a rate case resulting in a change of rates during the prior year, a copy of the rate case order must accompany the Form 43. All rate case information must be completed on the Schedule 2.

## How to Complete the Form 43 and Appropriate Schedules

**Instructions.** At the bottom of each schedule, there are general instructions with definitions that pertain to that particular schedule. All other instructions and/or definitions will be listed, and/or referenced to, under this section.

**General Instructions.** The following are general guidelines to completing the report:

- > Complete the Form 43 and all applicable schedules. If a schedule is not applicable to the public service entity, indicate with "N/A" on the first page of the schedule. At the bottom of the schedule, under the "Comments/Questions/Concerns" section, indicate the reasoning why the schedule is not applicable.
- > Schedules should not be filed in alternate formats, unless given prior approval from the Department on an annual basis.
- > Report all numbers as whole numbers. Round any amount from 50 cents to 99 cents to the next higher dollar; round any amount less than 50 cents to the next lower dollar.
- > At the bottom of each section is a "Comments/Questions/Concerns" section. This is for the public service entity to make any comments or suggestions regarding that particular schedule. All feedback will be reviewed.
- > Keep a copy of the submitted report for records retention.

**Schedule 99.** The Schedule 99, listed as the last three schedules, is an electronic file that is typically provided to prior year filers by the Department. New filers, that have not filed a Form 43 with the Department in the previous year, will need to create this file using Schedule 99B for the instructions. All other filers will use the Schedule 99A for instructions when completing the electronic file.

**Public Service Entity.** As defined by [Neb. Rev. Stat. § 77-801.01](#), a public service entity includes any person or entity, organized for profit under the laws of this state or any other state or government and engaged in the business of water works, electrical power, gas works, natural gas, telecommunications, pipelines used for the transmission of oil, heat, steam, or any substance to be used for lighting, heating, or power, and pipelines used for the transmission of articles by pneumatic or other power, and all other similar or like entities.

**Real Property.** As defined by [Neb. Rev. Stat. § 77-103](#), real property means: all land, buildings, improvements, and fixtures, except trade fixtures; mobile homes, cabin trailers, and similar property not registered for highway use, which are used, or designed to be used, for residential, office, commercial, agricultural, or other similar purposes, but not including mobile homes, cabin trailers, and similar property when unoccupied and held for sale by persons engaged in the business of selling such property when such property is at the location of the business; mines, minerals, quarries, mineral springs and wells, oil and gas wells; overriding royalty interest; and production payments with respect to oil or gas leases.

**Personal Property.** As defined by [Neb. Rev. Stat. § 77-104](#), personal property includes all property other than real property and franchise.

**Tangible Personal Property.** As defined by [Neb. Rev. Stat. § 77-105](#), tangible personal property includes all personal property possessing a physical existence, excluding money. Tangible personal property also includes trade fixtures, which means machinery and equipment, regardless of the degree of attachment to real property, used directly in commercial, manufacturing, or processing activities conducted on real property, regardless of whether the real property is owned or leased.

**Nebraska Adjusted Basis.** As defined by [Neb. Rev. Stat. § 77-118](#), Nebraska adjusted basis means the adjusted basis of property as determined under the Internal Revenue Code increased by the total amount allowed under the code for depreciation or amortization or pursuant to an election to expense depreciable property under IRC § 179. Also, For purchases of depreciable personal property occurring on or after January 1, 2018, if similar personal property is traded in as part of the payment for the newly acquired property, the Nebraska adjusted basis shall be the remaining federal tax basis of the property traded in, plus the additional amount that was paid by the taxpayer for the newly acquired property.

**Depreciable Tangible Personal Property.** As defined by [Neb. Rev. Stat. § 77-119](#), depreciable tangible personal property means tangible personal property which is used in a trade or business or used for the production of income and which has a determinable life of longer than one year.

**Taxable Property.** As defined by [Neb. Rev. Stat. § 77-201\(5\)](#), taxable tangible personal property, not including motor vehicles, trailers, and semitrailers registered for operation on highways of this state, shall constitute a separate and distinct class of property for purposes of property taxation, shall be subject to taxation, unless expressly exempt from taxation, and shall be valued at its net book value.

**Net Book Value of Property for Taxation.** As defined by [Neb. Rev. Stat. § 77-120\(1\)](#), net book value of property for taxation means that portion of the Nebraska adjusted basis of the property as of the assessment date for the applicable recovery period in the table set forth:

Year	Recovery Period (in years)					
	3	5	7	10	15	20
1	75.00%	85.00%	89.29%	92.50%	95.00%	96.25%

3	12.20%	41.65%	55.13%	66.83%	76.95%	82.35%
4	0.00%	24.99%	42.88%	56.81%	69.25%	76.18%
5		8.33%	30.63%	48.07%	62.32%	70.46%
6		0.00%	18.38%	39.33%	56.09%	65.18%
7			6.13%	30.59%	50.19%	60.29%
8			0.00%	21.85%	44.29%	55.77%
9				13.11%	38.38%	51.31%
10				4.37%	32.48%	46.85%
11				0.00%	26.57%	42.38%
12					20.67%	37.92%
13					14.76%	33.46%
14					8.86%	29.00%
15					2.95%	24.54%
16					0.00%	20.08%
17						15.62%
18						11.15%
19						6.69%
20						2.23%
21						0.00%

Net book value as a percent of Nebraska adjusted basis is calculated using the 150% declining balance method, switching to straight-line, with a one-half-year convention.

(2) The applicable recovery period for any item will be determined as follows:

- > 3-year property includes property with a class life of 4 years or less;
- > 5-year property includes property with a class life between 4 years and less than 10 years;
- > 7-year property includes property with a class life between 10 years and less than 16 years;
- > 10-year property includes property with a class life between 16 years and less than 20 years;
- > 15-year property includes property with a class life between 20 years and less than 25 years; and
- > 20-year property includes property with a class life of 25 years or more.

(3) Class life is based upon the anticipated useful life of a class of property and will be determined by the Property Tax Administrator under the Internal Revenue Code.

(4) One-half-year convention treats all property placed in service during any tax year as placed in service on the midpoint of that tax year.

(5) The percent shown for year one is the percent used for January 1 of the year following the year the property is placed in service.

**Year Placed in Service.** Is the date the property is ready and available for a specific use. For property transferred as a gift or devise or as part of a transaction which is not a purchase, the date placed in service is the date the previous owner placed the property in service. For tangible personal property acquired as replacement property for converted tangible personal property is the date the converted property was placed in service, unless insurance proceeds are payable by reason of the conversion. If insurance proceeds are payable by reason of the conversion, the date placed in service is the date the replacement property is placed in service.

**Operating Property.** As defined by [Neb. Rev. Stat. § 77-801.01](#), operating property means property owned or leased that contributes to a public service entity's function.

**Nonoperating Property.** As defined by [Neb. Rev. Stat. § 77-801.01](#), nonoperating property means property owned or leased by a public service entity that does not contribute to the entity's function.

Explanation on how Nebraska allocation was determined:

**Nebraska Schedule 1-T - Allocation Factors**  
 For Use By Telecommunications Entities

Name of Business	Address of Business	City	State	Company Number

**Instructions**

The purpose of this schedule is to determine the Nebraska allocation of the total system as well as gather information that will be used for the obsolescence calculations. **Allocation factors are not synonymous with valuation factors.**

> The System Values (Company Totals) that are reported on this schedule should reconcile, in some manner, with amounts reported elsewhere on this report. If property, such as intangible property, does not have a distinguishable situs then that property must be allocated to Nebraska in some manner or be excluded from both the system value and allocation sections.

> **If the Nebraska allocation is not 100%, provide an explanation of how the allocation to Nebraska was determined** for the Operating Revenues and Net Operating Income factors.

> Gross Plant in Service, Net Plant in Service, Total Access Lines, Miles of Wire, Miles of Fiber and Subscribers should be based on the situs of the particular assets used in operations, if applicable.

> Operating Revenue and Net Operating Income should be based on some sort of verifiable allocation such as; customer base, equipment allocation, income per mile, etc.

> The Department may request verification on how the respondent's allocation was completed to confirm all property is properly accounted for.

> Some information on this schedule will be used for obsolescence analysis. **The Department may not grant obsolescence if there is insufficient information** to correlate an appropriate diverse obsolescence figure that represents the company.

> Supplemental information may be requested.

> If values are not available or a category does not apply to the business mark with "N/A" and provide an explanation why in the "Comments/Questions/Concerns" section below.

**Gross Plant in Service** includes all property (owned or leased) that is considered part of the operating plant, is placed in service, and has a **distinguishable situs** (if property, such as intangible property, does not have a distinguishable situs; that property must be allocated to Nebraska in some manner or be excluded from both the system value and allocation sections). May not be limited to just Telecommunications Plant in Service, but this will not include CWIP.

Examples of Plant in Service:

- > Telecommunication Plant in Service
- > Vehicles
- > Intangible property necessary for the plant to operate (ROW, Easements, Licenses, Spectrum, Etc.)
- > Miscellaneous items needed to operate
- > Leased equipment used in operations
- > Etc.

**Net Plant in Service** is the same property that was included in the "Gross Plant in Service System Value" minus any applicable depreciation and amortization of that same property.

**Operating Revenue** is all operating revenues, should be able to reconcile with the revenue reported on the Income Statement (Schedule 13).

**Net Operating Income** is operating revenues less operating expenses.

**Total Access Lines** are the communications facility (network) extending from a customer to a serving central office switch, sometimes referred to as the "last mile."

**Total Miles of Wire** are the total miles of any medium to which electric energy or electromagnetic waves are guided to transmit communications services.

**Total Miles of Fiber** are the total miles of any medium to which light signals are guided to transmit communications services.

**Total Subscribers** are customers for which a telecommunications company has established a plan for telecommunications service.

**Allocated to Nebraska** should reflect the same assets or incomes that were included in any of the respective "System" categories, except only limited to the assets that have distinguishable situs in or verifiable incomes attributable to the state of Nebraska, if applicable. If property, such as intangible property, does not have a distinguishable situs then that property must be allocated to Nebraska in some manner or be excluded from both the system value and Nebraska allocation sections.

<b>Total</b>		

Explanation if "Total" does not equal 100% of System Gross Plant in Service and/or explanation of what is listed in "Other\*":

**Instructions**

The purpose of this schedule is to compare the Nebraska allocation of gross plant compared to the gross plant allocation of other states. This is used to verify that the Total Gross Plant in Service is being accounted for uniformly.  
 > Supplemental information may be requested.  
**> If the Total Percent does not equal 100%, or if the Total Gross Plant does not equal the Schedule 1 Gross Plant, then provide an explanation.**

**Gross Plant in Service** includes all property (owned or leased) that is considered part of the operating plant, is placed in service, and has a distinguishable situs (if property, such as intangible property, does not have a distinguishable situs; that property must be allocated to Nebraska in some manner or be excluded from all applicable states). May not be limited to just Telecommunications Plant in Service, this will not include CWIP. Examples of Plant in Service:

- > Telecommunication Plant in Service
- > Vehicles
- > Intangible property necessary for the plant to operate (ROW, Easements, Licenses, Etc.)
- > Miscellaneous items needed to operate
- > Leased Equipment
- > Etc.

**Rate Case Information**

Were there rate cases for this company during the previous 12 months?  Yes  No

If yes, complete the following information and attach a copy of the rate case(s):

- Which regulatory agency was the case filed with? \_\_\_\_\_
- List docket number(s). \_\_\_\_\_
- Date at which the rate changes went into effect. \_\_\_\_\_
- Expected annual change in gross revenue. \_\_\_\_\_
- Expected annual change in net operating income. \_\_\_\_\_
- Was there an interim rate increase? \_\_\_\_\_
- Total amount of dollars from rate increase(s) (interim and final) included in the present gross revenue. \_\_\_\_\_
- Total amount of dollars from rate increase(s) (interim and final) included in the present net operating income. \_\_\_\_\_

Additional information that may have an effect on the valuation of the public service entity:

**Instructions**

- The purpose of this schedule is to gather additional information that is needed to complete the appraisal.
- > The "Motor Vehicles, Trailers, and Semitrailers Licensed In Nebraska" section is needed to insure this type of property is being taxed appropriately for property tax purposes. If this section is left blank, the Department will assume that all vehicles owned and/or leased are not licensed in Nebraska.
- > The "Rate Case Information" section is used only if the public service entity has had a rate case during the previous 12 months.
- > The additional information box is meant for the company to provide additional information about an extraordinary situation that will affect this year's value. **Provide supplemental information to validate the situation** as it will be viewed and considered by The Department.

**Year Placed in Service** is the year the property was ready and available for a specific use. See the Instructions ("Inst") Worksheet for more information.

**Nebraska Adjusted Basis** is defined under Neb. Rev. Stat. § 77-118; See the Instructions ("Inst") Worksheet.

**Recovery Period** is the period over which the value of property will be depreciated for Nebraska property tax purposes. The appropriate recovery period for class lives can be found in Neb. Rev. Stat. § 77-120; See the Instructions ("Inst") Worksheet for more information.

**Depreciation Factor** is the percentage of Nebraska adjusted basis that is taxable. The appropriate Nebraska net book depreciation factor can be found in Neb. Rev. Stat. § 77-120; See the Instructions ("Inst") Worksheet for more information.

**Net Book Taxable Value** is the taxable value for Nebraska property tax purposes. It is calculated by multiplying the Nebraska Adjusted Basis by the depreciation factor for the appropriate recovery period. Authorization for this calculation can be found in Neb. Rev. Stat. § 77-120; See the Instructions ("Inst") Worksheet for more information.

Comments/Questions/Concerns:

**Nebraska Schedule 5 - Lease Information**  
For Use By All Public Service Entities

Name of Business	Address of Business	City	State	Company Number
------------------	---------------------	------	-------	----------------

**Operating Property Leased From Others**

Lessor's Name	Lessor's Address	Type of Property	Was the Property Reported to the County?*		Annual Rent	Was the Rent Capitalized? (Y/N)	Original Cost	Lease Beginning Date	Lease Expiration Date
			(Y*/N)	County					

**Operating Property Leased to Others**

Lessee's Name	Lessee's Address	Type of Property	Was the Property Reported to the County?*		Annual Rent	Was the Rent Capitalized? (Y/N)	Original Cost	Lease Beginning Date	Lease Expiration Date
			(Y*/N)	County					

**Instructions**

- The purpose of this schedule is to gather information on all leased property (including vehicles) that are used in operations. All leased property for the entire system should be reported. However, if the respondent chooses to only report Nebraska leases, then the Department will determine value of leased property at a 100% allocation.
- > Provide a brief description of the leased property in the "Type of Property" column, for example: warehouse, backhoe, trencher, switchboard, etc.
  - > **\*If the property has been reported to the county for property tax purposes, indicate whether the lessor or the lessee (respondent) reported it in the "Y\*/N" (G) column.** Also, if the property has been reported to the county, please indicate which county it has been reported to. If either of these columns (G and H) are incomplete, it will be assumed that this property has not been reported to the county assessor.
  - > Please indicate if the rent was capitalized, meaning that it has been reported as an asset on the financial statements.
  - > If the "Original Cost" column information is not available, the Department will capitalize the "Annual Rent" as a substitute.
  - > Additional rows or additional copies of this schedule can be added, if needed.

**Operating Property** is defined under Neb. Rev. Stat. § 77-801.01; See Instructions ("Inst") Worksheet.

If there is an amount in an account that has a "*", please provide a brief description of what comprises these accounts (if not included on the Schedule 17):					

**Instructions**

The purpose of this schedule is to report Balance Sheet information of the public service entity.

> **This Schedule is required to be filled out.** Simply attaching correspondence or pasting a link does not meet the requirement and will be considered incomplete.

> The Construction Work in Progress (CWIP) is broken out to gather necessary information so the Department can determine how the CWIP will effect the appraisal. If some or all of the CWIP is not broken out, the Department will assume that all CWIP is attributable to upgrades.

> The accounts are similar to those that are prescribed by 47 CFR Part 32-Uniform System of Account for Telecommunications Companies, account definitions and instructions can be found under that authority.

> If the public service entity feels that an account needs to be added and/or deleted, please make the change, highlight the change, and explain the change below in the "Comments/Questions/Concerns" section. Changes will be considered for future years.

**Upgrades To Plant** are any additions and/or replacements that will increase the revenues or efficiency of the operating property. Examples would include adding a new section of pipe, replacing a compressor with a new compressor that produces more output, etc.

**Replacements To Plant** are additions and/or replacements that have no effect on the revenues or efficiency of the operating property. Examples would include replacing an existing pipe with the same diameter pipe, repairing a leak, general maintenance, etc.

**Nebraska Schedule 14-T - Detail Net Book Personal Property**

For Use By Telecommunications Entities - Tangible Personal Property

**System Wide Nebraska Adjusted Basis**

**Form 43**  
**Tax Year**  
**2022**

Name of Business		Address of Business		City	State	Company Number	
Asset Class	Line Number	Account Number & Account Title	Year Placed In Service	Adjusted Basis for Operating Property	Recovery Period	Depreciation Factor	Net Book Taxable Value

**Instructions**

The purpose of this schedule is to determine the net book value of all tangible personal property of the system, **not just the Nebraska portion. The Nebraska Adjusted basis must represent the adjusted basis determined by the IRS increased by the section 179 expense.** Detail must be reported under the appropriate account title and year placed in service.

- > The determination of the "Recovery Periods" was done in reference to the "Asset classes" as stated in the IRS Publication 946.
- > The determination of the "Depreciation Factors" are outlined in Neb. Rev. Stat. § 77-120.
- > The "Net Book Value" is determined by multiplying the "Nebraska Adjusted Basis" by the appropriate "Depreciation Factor" for the coinciding year. This Microsoft Excel worksheet should populate this amount automatically once the Nebraska adjusted basis is entered.
- > If the public service entity feels that the a "Recovery Period" is inappropriate, please indicate the appropriate "Asset Class" number from the IRS Publication 946 under the corresponding account title, and highlight in yellow.
- > The accounts used on this schedule are the same accounts as indicated on the Schedule 12, as Tangible Personal Property.
- > If the public service entity feels that an account needs to be added and/or deleted and/or changed, please make the change, highlight the change, and explain the change below in the "Comments/Questions/Concerns" section. Changes will be considered for future years.

**Taxable Property** as defined under Neb. Rev. Stat. § 77-201 subsection 5, see Instructions ("Inst") Worksheet, states that tangible personal property must be taxed at its net book value.

**Tangible Personal Property** as defined under Neb. Rev. Stat. § 77-105; See the Instruction ("Inst") Worksheet.

**Year Placed in Service** is the year the property was ready and available for a specific use. See the Instructions ("Inst") Worksheet for more information.

**Nebraska Adjusted Basis** as defined under Neb. Rev. Stat. § 77-118; See the Instruction ("Inst") Worksheet.

**Recovery Period** is the period over which the value of property will be depreciated for Nebraska property tax purposes. The appropriate recovery period for class lives can be found in Neb. Rev. Stat. § 77-120; See the Instructions ("Inst") Worksheet for more information.

**Depreciation Factor** is the percentage of Nebraska adjusted basis that is taxable. The appropriate Nebraska net book depreciation factor can be found in Neb. Rev. Stat. § 77-120; See the Instructions ("Inst") Worksheet for more information.

**Net Book Taxable Value** is the taxable value for property tax purposes. It is calculated by multiplying the Nebraska Adjusted Basis by the depreciation factor for the appropriate recovery period. Authorization for this calculation can be found in Neb. Rev. Stat. § 77-120; See the Instructions ("Inst") Worksheet for more information.

**Nebraska Schedule 19-T - Operating Communication Tower Sites/Equipment**  
**For Use By Telecommunications Entities**

**Form 43**  
**Tax Year**  
**2022**

Name of Business	Address of Business			City	State	Company Number
Tower Site Longitude and Latitude	Description	County	Owned/ Leased	Investment Amount	Lessor's Name/Address	

**Instructions**

- The purpose of this schedule is to report the physical location of operating communication towers and/or equipment owned or leased by the public service entity in the State of Nebraska.
- > Tower site/address should indicate the situs of the tower or equipment. This may be a street address, a legal description, geographical coordinates, etc.. This needs to be as detailed as possible, so the Department may be able to look up and identify each tower, if needed.
- > The description should be a brief description of the type of property that is owned or leased. The description does not need to be detailed, please distinguish if the property is a tower, equipment, building, land, etc.
- > The county should be the full **county name** and not an abbreviation. Do not send city names as some cities share the same name of counties.
- > Indicate whether the asset is owned or leased. If leased, provide the name and address of the lessor.
- > Indicate the amount of investment of each communication and/or piece of equipment that is included in the investment on the Schedule 1, if available.
- > Additional lines may be added to this page or a copy of this schedule may be created if more space is needed.
- > **If the company has a list with this information but is not in the same format, please contact the Department to see if that list can substitute filling this schedule out.**

Comments/Questions/Concerns:

**Apportionment of Value.** A public service entity's total taxable value, including the franchise value, must be apportioned or distributed to all taxing subdivisions based on the ratio of original cost/gross investment of all operating real and tangible personal property having situs in the taxing subdivision compared to the original cost/gross investment of all operating real and tangible personal property of the public service entity having situs in the state, pursuant to Neb. Rev. Stat. § 77-802.

**Taxing Subdivisions.** Taxing subdivisions are the individual governmental subdivisions empowered to levy a property tax (for example, school districts, counties, cities, fire districts, etc.).

Major types of taxing subdivisions applicable to all property in Nebraska are counties, school districts, educational service units (ESU), natural resource districts (NRD), and community colleges. Depending on the location, property will be in a city or rural fire district; in certain situations, a property may be in a small village that is also covered by the rural fire district. There are many other miscellaneous taxing subdivisions applicable to property depending on the county and location (for example, some counties have townships levies, cemetery districts, hospital districts, sanitary improvements districts (SIDs), etc.).

**Tax District.** Tax district means an area within a county in which all of the taxable property is subject to property taxes at the same consolidated property tax rate. A tax district consists of a group of taxing subdivisions common to an area within the county. For example, the consolidated tax district for a city will include rates for the individual taxing subdivisions such as county, school district, city, educational service unit, natural resource district, and community college, all common to the property within the city. See Neb. Rev. Stat. § 77-127.

**Refer to one of the schedules listed below on how to file the appropriate Schedule 99 Apportionment File**

**Schedule 99A** is for an **existing public service entity** that has filed Nebraska Form 43 for the prior assessment year.

**Schedule 99B** is for a **new public service entity** that is a first time filer of the Nebraska Form 43.

**Schedule 99A or Schedule 99B** are required to be filed electronically in Microsoft Excel format.

Please contact the Nebraska Department of Revenue, Property Assessment Division if you have any questions or need assistance.

Comments/Questions/Concerns:

**Instructions for Public Service Entities that filed Schedule 99 in Prior Years.**

**For public service entities that filed a Nebraska Form 43 in the prior assessment year,** a Microsoft Excel file for Schedule 99 is provided and is the required format for completing Form 43, Schedule 99.

The file will display the prior year's gross investment and, if applicable, the prior year's annual rent paid. **The electronic file contains empty or blank columns for reporting the current year's gross investment (INVESTMENT\_CY) and, if applicable, the annual rent paid (RENTAL\_CY) for leased operating property.**

**DO NOT** alter the data in the columns labeled county number (CNTY), county fund number (CNTYFUND), prior year investment (INVESTMENT\_PY), prior year rental (RENTAL\_PY), code (CODE) number, or key (KEY) numbers assigned.

At the top of the spreadsheet just below the "NAME" heading, the company name will be displayed. **This is the row where the public service entity will report the company's state total current-year investment and, if applicable, the state total annual rent paid** in the columns INVESTMENT\_CY and RENTAL\_CY. Directly under the company name, the counties and taxing subdivisions that were applicable to the company in the prior year will be listed. The public service entity will report the current year's investment and, if applicable, the annual rent in the columns INVESTMENT\_CY and RENTAL\_CY for the individual counties and taxing subdivisions, based on the location of company's operating property.

For new county or taxing subdivision entries, the public service entity may insert rows as needed, ensuring that the format of new rows matches the rest of the spreadsheet. **The public service entity must complete the columns for county number, name of county/taxing subdivision, county assessor's fund number or authority code (if available), the current year investment, current year rental, and company number. Leave the prior year investment, prior year rental, code number, and key number columns blank. Key numbers will be assigned by the Property Assessment Division.**

For existing counties/taxing subdivisions for which the company no longer has property, report zero (-0-) for the current year's investment (INVESTMENT\_CY) or rental (RENTAL\_CY) as needed. **Do not delete the rows if the property is no longer in the county/subdivision.**

Certain counties rely on consolidated tax district information, however Nebraska law still requires the investment detail to be reported by individual taxing subdivision. The consolidated tax district (\*\*CONSOLIDATED\*\*) information is maintained in the distribution file along with the detail. For a county with a consolidated tax district, the public service entity will see extra lines for these and the entries will have a code of 99.

**Information available on the Division's website:**

- [County Assessor Contact Information](#)
- [Taxing Subdivisions and Tax Rates by County](#)
- [School District Reference List by County](#)

For additional information on how to complete the distribution file see Schedule 99 General Instructions and/or Schedule 99B for new filers. Please contact the Nebraska Department of Revenue, Property Assessment Division if you have any questions or need assistance.

**For new public service entities that are filing a Nebraska Form 43 for the first time,** a Microsoft Excel file for Schedule 99 must be created by the public service entity for reporting the original cost/gross investment and, if applicable, rent paid, which is used as the basis for the distribution or apportionment of taxable value to counties and taxing subdivisions.

**The final information reported for Schedule 99 must match the following format and column headings, as seen in Example C.**

- > **CNTY** = 2-digit county number assigned alphabetically, see Division's website for Nebraska county names and numbers.
- > **NAME** = Top row used for company name, remaining rows use for county name and names of the individual taxing subdivisions.
- > **CNTYFUND** = The county assessor's fund code or authority code assigned to the individual taxing subdivisions, if available.
- > **INVESTMENT\_CY** = Report the original cost/gross investment of operating property owned, by county and by taxing subdivision.
- > **RENTAL\_CY** = If applicable, report the annual rent paid for leased operating property, by county and by taxing subdivision.
- > **COMPANY** = 3-digit company number assigned by the Division.

The public service entity is responsible for determining which counties and taxing subdivisions they are to report on Schedule 99. The public service entity will need to determine the location of the owned or leased property within each county either by street address or legal description. The public service entity will then need to contact the respective county assessor to determine the consolidated tax district information based on the location of the property. Provide the street address or legal description of the property to the county assessor and then ask for the detail of the taxing subdivision in each tax district. The public service entity may ask for tax district maps, however, taxing subdivision information may not be included on the maps and the public service entity will need to ascertain the detail of taxing subdivisions within the tax district.

Once the county's tax district and taxing subdivision information is obtained, the public service entity needs to determine the gross investment and, if applicable, rent paid for each individual taxing subdivision based on the location of the operating property. Using the tax district information, the public service entity must then determine the total investment and/or rent for each individual taxing subdivision with the tax district.

It is recommended the company set up a worksheet similar to **Example A, following**. On the left side of Example A, there are columns for County number (CNTY), County name (CNTYNAME), Tax district (TAXDIST), Investment (INVEST), and Rent (RENT). On the right side, there are columns for County number (CNTY), Name of the taxing subdivision (NAME), County fund number (CNTYFUND), Current year investment (INVESTMENT\_CY), Current year rent (RENTAL\_CY), and the Company number (COMPANY). In Example A, the sample company has investment in two separate tax districts (85 and 90) in Jefferson County. Note, if the public service entity has leased operating property, the amount of annual rent paid must be reported in column Rental\_CY. For this example, rent paid is zero (-0-). Using the information received from the county assessor, the individual taxing subdivisions have been listed for each tax district and separated by a blank row. The next step is to list the investment and rent of each taxing subdivision within the tax district.

**The public service entity will need to merge the investment/rental data for taxing subdivisions that are listed separately under each tax district,** ensuring that duplicate names within the county are combined as one entry and summing together the investment and rental for the taxing subdivision. In **Example A**, notice that there are two "COUNTY JEFFERSON" entries (one for each tax district); in **Example B**, there is only one "COUNTY JEFFERSON" and the investment and rent totals of both tax district's for "COUNTY JEFFERSON" have been summed together into one entry for that taxing subdivision.

Once the data is merged to display by county and by taxing subdivision, the public service entity will copy each county's merged information into one spreadsheet, as shown in **Example C, following**. The company name must be the first row entry under the "NAME" heading with the company's total investment and rent paid listed under the "INVESTMENT\_CY" and "RENTAL\_CY". This will be the Excel file that the public service entity submits as Schedule 99, as part of their filing of the Nebraska Form 43 to the Division.

Note: Certain counties rely on consolidated tax district information, however Nebraska law still requires the investment detail to be reported by individual taxing subdivision. The consolidated tax district (\*\*CONSOLIDATED\*\*) information is maintained in the distribution file along with the detail. For a county with a consolidated tax district, the public service entity will see extra lines for these and the entries will have a code of 99.

**Before filing, the public service entity must balance and reconcile the gross investment and rental amounts as follows:**

- 1) The sum of investment and rental for all counties must equal the company's total investment and rental.
- 2) The sum of investment and rental for school districts within the county, excluding bonds, must equal the county's total investment and rental.
- 3) The sum of investment and rental for educational service units (ESU) within the county must equal the county's total investment and rental. In addition, the ESU investment and rental must equal the sum of school districts that are members with the ESU.
- 4) The sum of investment and rental for natural resource districts within the county must equal the county's total investment and rental.
- 5) The sum of investment and rental for community colleges within the county must equal the county's total investment and rental.
- 6) The sum of investment and rental for cities and fire districts within the county must equal the county's total investment and rental, except where a fire district's territory may also include the city/village. In that situation, the sum of all cities and fire districts within the county will be higher than the county total investment and rental by the amount of the city/village's investment and rental.
- 7) Certain taxing subdivisions may coincide with another subdivision's boundary for balancing. For example, an agricultural society would be the same as the county total investment and rental; and the city airport authority would match with the city's investment and rental. School bonds may match with the school district, unless there have been mergers and the former school district's bond was attached to a smaller territory. A school district's bond should not be greater than the school district. Occasionally, there may be old school bonds, but the original school district since dissolved/merged.
- 8) The sum of investment and rental for consolidated tax districts within the county, if reported, must equal the county's total investment and rental.
