Make/Description. Enter the make and description of property. Include lease date, if the property is leased. To determine eligibility for exemption, this is the date the lessee took control of property and must be included.

Actual Location of Property. Enter the address of the actual location where the property is principally stored and kept.

Quantity. Enter the quantity of property with the same acquisition date, model year, and description.

Nebraska Adjusted Basis. The Nebraska adjusted basis for other property located at the project site is the total purchase price (cost of placing the property in service) including, but not limited to costs for: delivery; installation; taxes; and fees. Enter the amount in whole dollars only.

Recovery Period. The recovery period is the period over which the value of the property will be depreciated for Nebraska property tax purposes. [Table 2](#), from the Nebraska Personal Property Return, includes a recovery period for personal property. [Neb. Rev. Stat. § 77-120](#).

Net Book Depreciation Factor. The net book depreciation factor is the percentage found in [Table 1](#), from the Nebraska Personal Property Return, for the appropriate depreciation factor for the recovery period and the year acquired. The depreciation factors are also listed in Neb. Rev. Stat. § 77-120.
