¹The amount of state funds shown above (in the State Aid column) would have been additional property taxes if not allocated to the county, city, village, and school district by the Legislature (Neb. Rev. Stat. § 77-1704.01).

²This local subdivision overlaps into another county. The amounts of total property taxes and state aid for the subdivision are the total amounts for the local subdivision and not just the portion in this county. To avoid double counting, these totals are only shown in the county where the local subdivision is considered headquartered. If there are zero dollars shown, the subdivision is headquartered in the county shown in parentheses.

³Total property taxes levied for school districts includes amounts levied to retire bonded indebtedness.
