Deposits do not include money placed with the trust department of any financial institution in a fiduciary capacity. Deposits do include any money placed in the trust department with the financial institution that is not in a fiduciary capacity.

Financial Institution. Financial institution includes any of the following entities that are chartered or qualified to do business in Nebraska. A financial institution also includes a bank holding company or a financial holding company that is not chartered to do business in Nebraska, but maintains a permanent place of business in the state and actively solicits deposits from Nebraska residents for an affiliate.

- ◆ Bank
- ◆ Building and loan association
- ◆ Cooperative credit association
- ◆ Credit union, **except federally chartered**
- ◆ Industrial loan and investment company

A subsidiary **does not** include any bank, bank holding company, financial holding company, or savings and loan association that is owned 50% or more by a mutual savings and loan association and does not actively solicit deposits from Nebraska residents.

Net Financial Income. Net financial income is the income of the financial institution, including its subsidiaries, after ordinary and necessary expenses, but before income taxes and extraordinary gains or losses. Income and expenses must be computed according to the requirements of the financial institution's regulatory agencies.

Who Must File?

Every financial institution, as defined above, must file a [Nebraska Financial Institution Tax Return](#).

A financial institution does not file a [Nebraska Corporation Income Tax Return, Form 1120N](#).

Important Information for All Filers

Period Covered by the Return. This return must be filed for the 2016 calendar year or fiscal year beginning in 2016. Contact the Nebraska Department of Revenue (Department) for instructions if the financial institution's fiscal year ends other than on a calendar quarter.

Financial institutions experiencing a short year (less than 12 months) must file a short-period return on or before the 15th day of the third month following the end of its short year. See:

- ◆ [Revenue Ruling 24-90-1: Financial Institution Tax - Filing Requirements of Short-Period Tax Returns](#); and
- ◆ [Revenue Ruling 24-91-1: Financial Institution Tax - Average Deposits of Short-Period Tax Returns](#).

Enter All Amounts as Whole Dollars. Do not include cents on the return or schedules. Do not change the pre-printed zeros in the cents column of the Form 1120NF. Round any amount from 50 cents to 99 cents to the next higher dollar. Round any amount less than 50 cents to the next lower dollar.

Penalties and Interest. Either or both may be imposed under the following conditions:

- ◆ Failure to file a return and pay tax due on or before the due date;
- ◆ Failure to pay the tax due on or before the due date;
- ◆ Failure to file an Amended Nebraska Financial Institution Tax Return to report changes made to the institution's amount of deposits or net financial income;
- ◆ Preparing or filing a fraudulent return; or
- ◆ Understatement of deposits or net income before taxes and extraordinary items on a financial institution tax return.

Filing a false or fraudulent Nebraska return is subject to penalty, even if the amounts reported are taken from your federal return or reports filed with state or federal regulatory agencies. Unpaid tax is subject to interest at the statutory rate of 3% from the original due date to the date the tax is paid. See [Revenue Ruling 99-14-2](#) for applicable interest rates.

Reporting Changes or Corrections.

- ◆ Use [Amended Nebraska Financial Institution Tax Return, Form 1120XNF](#), for the tax year corresponding to the return being amended for years after 2000.
- ◆ Use [Amended Nebraska Financial Institution Tax Return, Form 1120XNF-3](#), to amend tax years 1993 – 2000.
- ◆ Contact the Department to obtain the appropriate form for amending a return for tax years prior to 1993.

NOTE: A refund of tax is only allowed when an amended return is filed within 90 days of the date the tax is due or was paid, whichever is later, or within 90 days of a change made by a state or federal regulatory agency.

When filing an amended return to reflect corrected Call Report information, attach copies of the changed pages from the Call Report. When filing an amended return to report a change made by a state or federal regulatory agency to the financial institution's amount of deposits or its net financial income, include a dated copy of the regulatory agency's notice.

Nebraska Extension of Time. No extension of time to file or pay the tax is allowed.

Accounting Methods. The accounting method required by state and federal regulatory agencies must be used for Nebraska financial institution tax purposes. Income and expenses of a financial institution must be computed according to the requirements of its regulatory agencies.

Multistate Financial Institutions. Financial institutions that are subject to tax in more than one state must compute their tax liability based on the amount of average deposits connected with the financial institution's operations in Nebraska. These deposits equal the total of deposits accepted at the financial institution's Nebraska offices, plus deposits solicited from Nebraska residents that are accepted at the financial institution's offices outside of Nebraska. The financial institution's limitation amount is computed using the portion of the net financial income that is apportioned to Nebraska through the use of property and payroll factors.

When and Where to File

This return must be filed on or before the 15th day of the third month following the close of the taxable year of the financial institution.

Mail the return to:

Nebraska Department of Revenue
PO Box 94818
Lincoln, NE 68509-4818.

Note: No extension of time to file this return or pay the tax is allowed.

Line 8 **Financial Institution Tax.** The financial institution must pay the lesser of the tax on average deposits or the limitation amount. The tax is required to be paid on or before the original due date of the return. Financial institutions have the option to file an estimated payment voucher during the final month of the tax year.

The estimated payment is made on a [Nebraska Financial Institution Voluntary Estimated Tax Payment, Form 1120NF-ES](#).

Shareholder's Schedule — Shareholder's Share of Nebraska Financial Institution Tax Paid

Financial institutions organized as S corporations must complete and file the [Shareholder's Schedule](#) with the [Financial Institution Tax Return, Form 1120NF](#), to report each shareholder's proportionate share of credit for the tax paid by the financial institution. If a trust owns shares of the financial institution, attach a list of the beneficiaries of the trust, including the beneficiaries' Social Security numbers, or other appropriate tax ID numbers. The shareholder or beneficiary Social Security numbers are required in order to verify the amount of the credit being claimed when the individual, or business entity, files an income tax return. If more lines are needed, make additional copies and attach to the Form 1120NF.

Columns A Through E. Enter the name and mailing address of the shareholder or beneficiary, as applicable.

Column F. Enter the Social Security number, or other appropriate tax ID number, of the shareholder or beneficiary, as applicable.

Column G. Enter the shareholder's or beneficiary's ownership percentage, as applicable (calculate to at least six decimal places, then round to five decimals). For example, if the ownership percentage is .123464, round to .12346 and enter 12.346%.

If an ownership percentage changes during the year, compute the individual shareholder's percentage using a ratio of income received by the individual to the total income of the financial institution. The percentages in column G must total 100%.

Column H. Enter the total amount of tax paid by the financial institution from line 16, Form 1120NF.

Column I. Multiply the tax paid in column H by the percentage in column G. Enter the individual shareholder's or beneficiary's amount of calculated credit from Column I on the [Statement of Nebraska Financial Institution Tax Credit, Form NFC](#), provided to each shareholder or beneficiary.
