

The 2018 Nebraska Corporation Estimated Income Tax Payment Voucher booklet is posted as final, although the IRS has not yet posted the related federal forms. However, the calculations in this booklet may be modified if either the IRS or the Nebraska Legislature make any changes that impact the Nebraska corporate income tax calculation. The vouchers in this booklet will not change and may be used to print and mail 2018 estimated income tax payments.

Instructions

Who Must Make Estimated Payments. Every [corporate taxpayer](#) subject to taxation under the Internal Revenue Code must make estimated income tax payments if its Nebraska income tax liability can reasonably be expected to exceed allowable credits by \$400 or more.

Corporations that have elected to file under subchapter S, as defined by IRC § 1361, may make voluntary estimated payments in the same manner as other corporations.

When to Make Estimated Income Tax Payments. Estimated income tax installments are due by the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. The estimated income tax may be paid in full with the first installment, or paid in equal installments on each due date.

If you miss a payment of estimated income tax, or if you made a mistake which caused an underpayment in earlier installments, make an immediate “catchup” payment with your next installment payment.

Methods of Payment. Some corporations are required to make their corporation payments electronically. A corporation with an electronic payment mandate from the Department must make all estimated income tax payments using one of the electronic methods outlined below. All corporations are encouraged to make their estimated income tax payments electronically.

Electronic Payment Options

Electronic Funds Withdrawal (EFW). With this payment option, you provide your payment information within your electronically-filed return. Your payment will automatically be withdrawn from your bank account on the date you specify.

Nebraska e-pay. Nebraska e-pay is the Department’s web-based electronic payment system. You enter your payment and bank account information, and choose a date (up to a year in advance) to have your account debited. You will receive an email confirmation for each payment scheduled.

ACH Credit. You (or your bank) create an electronic file in the appropriate ACH file format. It is submitted to the Federal Reserve and instructs your bank to “credit” the state’s bank account.

Nebraska Tele-pay. Nebraska Tele-pay is the Department’s phone-based electronic payment system. Call 800-232-0057, enter your payment and bank account information, and choose a date (up to a year in advance) to have your account debited. You will receive a confirmation number at the end of your call.

Credit Card. Secure credit card payments can be initiated through Official Payments at officialpayments.com; via phone at 800-272-9829; or by downloading the OPAY app from your smart phone’s app store. Eligible credit cards include American Express, Discover, MasterCard, and VISA. A convenience fee (2.35% of the payment, \$1 minimum) is charged to the card you use. This fee is paid to the credit card vendor, not the state, and will appear on your credit card statement separately from the payment made to the Nebraska Department of Revenue. At the end of your transaction, you will be given a confirmation number. Keep this number for your records. [If you are making your credit card payment by phone, you will need to provide the Nebraska Jurisdiction Code, which is 3700.]

Cancel a Payment. To cancel a scheduled EFW payment, contact our Taxpayer Assistance office at 800-742-7474 or 402-471-5729 before 4:00 pm Central Time two business days prior to your scheduled payment date. You may cancel a payment scheduled through Nebraska e-pay by logging into the e-pay program from our website and selecting “cancel payment.” To cancel a credit card payment, contact Official Payments.

Check or Money Order. If you are not using one of the electronic payment options described above, include a check or money order payable to the Nebraska Department of Revenue with the payment voucher. Checks written to the Department may be presented for payment electronically.

Calculating the Amount of Each Installment.

1. Corporate taxpayers complete the 2018 Nebraska Corporation Estimated Income Tax Worksheet. If line 9 is less than \$400, estimated income tax payments are not required.
2. Complete the appropriate payment voucher. The amount of any overpayment from last year may be applied in full or in part to any estimated income tax payment installment if the corporation:
 - Had an overpayment on the [2017 Nebraska Corporation Income Tax Return, Form 1120N](#), or the [2017 Nebraska S Corporation Income Tax Return, Form 1120-SN](#); and
 - Elected to apply the overpayment to the 2018 estimated income tax.

Changes in Estimated Income Tax. If the corporate taxpayer’s income increases during the year, it may be required to begin filing or increase estimated income tax payments at the next due date.

Use the Amended Computation Schedule to calculate the amended estimated income tax if the corporate taxpayer's estimated income tax substantially changes, or if the corporate taxpayer's income substantially increases. Show the amended estimated income tax on the next payment voucher.

Penalty For Not Paying Enough Estimated Income Tax. A penalty is imposed on corporate taxpayers for underpayment of estimated income tax installments. An underpayment exists when the estimated income tax payments plus allowable credits are less than the income tax liability. The penalty is not due if the corporation qualifies for any of the methods that avoid penalty listed on the [Corporation Underpayment of Estimated Tax, Form 2220N](#).

Each corporate taxpayer with an underpayment of estimated income tax must file a Form 2220N with its Nebraska Corporation Income Tax Return, Form 1120N.

Overpayment of Estimated Income Tax. A corporation that has overpaid its estimated income tax may apply for a reimbursement of the overpayment if the overpayment is both:

- At least 10% of the corporation's expected income tax liability; **and**
- At least \$500.

To apply for this reimbursement, a corporation must file a [Corporation Application for Adjustment of Overpayment of Estimated Tax, Form 4466N](#), on or before the 15th day of the third month after the end of its tax year, and before it files its tax return.

Unitary Business. Corporate taxpayers who are required to file a single [Nebraska Corporation Income Tax Return, Form 1120N](#), for a unitary business may file combined estimated income tax payments for the group. A combined Nebraska ID number is used for the group and can be requested in writing from the Department. The same combined ID number used to file estimated income tax payments is assigned to the corporate taxpayer's Nebraska corporation income tax return.
