Instructions

Who May File. The Form ETC-A must be filed by the employer for approval of the nonrefundable credit against their income tax. The employer must have employed an individual who has been convicted of a felony in this or any other state. The nonrefundable income tax credit may be claimed on corporate, individual, or fiduciary income tax returns. The credit cannot be claimed by an S-Corporation, partnership, or LLC filing as an S-corporation or partnership unless the pass-through entity has made the election to be subject to Nebraska income tax.

When and Where to Apply. The nonrefundable tax credit is available for taxable years beginning on or after January 1, 2023. The wages paid during the employer's taxable year is limited to the first twelve months of the employee's employment. Separate applications must be filed for each taxable year.

Mail the application to:

Nebraska Department of Revenue
PO Box 94818
Lincoln, NE 68509-4818

Processing Procedure. DOR will process the applications in the order received and approve the tax credits for each calendar year until the total amount of approved credits of \$5 million dollars has been reached. If an application is not complete when received, the application date will be adjusted to the date all required information was received. If more than one complete application is filed on the day in which the cumulative expected credits for the year exceed the amount of funds available, the remaining available funds will be prorated among all qualified applications filed on that day.

Notification of Certified Credits. Once an application is reviewed and the approved credits are certified, DOR will notify the employer of the amount of the certified credits issued to the employer. The credit is 10% of the wages paid by the employer to the eligible employee during the taxable year for the first 12 months of the eligible employee's employment with the employer. The credit with respect to one eligible employee cannot exceed \$20,000.

Claiming Credits. The approved nonrefundable tax credit may be claimed in tax years beginning on or after January 1, 2023. The credit may be claimed on the appropriate line of the corporate, individual, or fiduciary income tax returns. Partnerships and S corporations electing to be subject to Nebraska income tax may also claim the credit. The credit can be distributed to beneficiaries.
