This form can be completed quickly and easily using the Nebraska Property Tax Look-Up Tool (Look-Up Tool).

Who May File. You may only use the 2023 Form PTCX if you filed an original 2023 Form 1040N with Nebraska and failed to claim the School District and Community College Property Tax credits on your original 2023 Form 1040N. If you have not filed a 2023 Form 1040N you cannot use this form and must file an original tax return to claim the tax credit.

Nebraska Property Tax Look-Up Tool. You may determine the amount of school district and community college property taxes (qualified property taxes) paid on a parcel in the 2023 calendar year, by using the Nebraska Department of Revenue's (DOR's) [Nebraska Property Tax Look-Up Tool](#). DOR strongly recommends using this look up tool.

Qualified Property Taxes Paid. The qualified property taxes are paid on the date received by the county treasurer. DOR obtains property tax data from each county treasurer. That data includes the amount of property taxes received during a calendar year. DOR will use the county treasurer data, unless you can show the county treasurer's data is incorrect.

Limitation on Qualified Property Taxes. Qualified property taxes paid does not include property taxes levied for bonded indebtedness, taxes levied as a result of an override of the limits on property tax levies approved by voters, or credits applied to the property taxes levied. The Look-up Tool automatically takes these items into account in computing the school district and community college property taxes paid.

Qualified property taxes paid also do not include property taxes that were paid after September 2, 2023 and were 5 years or more delinquent at the time of payment.

Enter All Qualified Property Tax Amounts as Whole Dollars. Round any amount from 50 cents to 99 cents to the next higher dollar. Round any amount less than 50 cents to the next lower dollar.

Who Must File. Form PTCX must be filed by an individual claiming the credits that were not claimed on your 2023 Nebraska Individual income tax return, Form 1040N.

Part A – Computation of the Credit

Part A is used to compute the credit for qualified property taxes paid and reported in Part B that were not reported and claimed on your original 2023 1040N and Form PTC.

Part B – Individuals that Paid Nebraska School District and Community College Property Taxes in 2023

Part B is used by individuals that paid qualified property taxes in 2023 but did not claim the credit for 2023.

Fiscal Year Filers. The credit may be claimed in the first income tax year that begins in the calendar year the qualified property taxes were paid.

Fiscal Year Filers. Taxpayer's with a fiscal year beginning in 2023 and ending in 2024 may complete Part B for school district and community college property taxes paid during the entire 2023 calendar year. The credit claimed in this fiscal year cannot include any school district or community college property taxes paid in 2024.

Information must be entered separately for each parcel for which school district and community college property taxes were paid in calendar year 2023. A separate entry must also be made for each property tax year for which school district and community college property taxes were paid in 2023. If Part B does not have enough rows to include all the parcels or years for which you paid school district and community college property taxes, attach a schedule in the same format as Part B.

Example 1. Joe Pear owns two parcels in Lancaster County and paid property taxes on those parcels for the 2022 and 2023 property tax year during the 2023 calendar year. Joe owned parcel 17-12-345-678-000 for the entire 2023 calendar year and purchased parcel 17-87-654-321-000 on July 1, 2022. The total property taxes paid on those parcels were as follows:

Property Tax Year. Enter the property tax year for which the Nebraska school district and community college property taxes were levied.
